XENIA MAN TRIES TO END HIS LIFE AT LEBANON

With his throat cut with a small penknife, William Strebel, well-known Xenia man, was found in his room at the Hubbard House, a Lebanon hotel by hotel attendants early Thursday morning.

Brooding over small worries and the fact that he was called as a witness in the case of the State against John Faulkner and Henry Murphy, in regard to the burning of a saloon in Lebanon, which is being heard in the courts of that city this week, is said to have led to the attempted suicide. Although he succeeded in inflicting a wide cut in the throat the jugular vein was not touched and his condition is not serious according to the attending physicians. He is being taken care of by the Lebanon Lodge of Eagles and Mrs. Strebel went to Lebanon to be with him Thursday morning.

Friends of Mr. Strebel, who was well known and well-liked here, could give little reason for the attempted suicide. Petty worries are alleged to have caused it though, it being said that he was brooding over the trial at which he had been present every day, although not implicated except as a witness. He also operated a near beer bar on Whiteman street for a short time, closing it up after running for about nine days. It is thought these business worries had something to do with the rash act.

The case on which he was called as a witness is the result of the arrest of John Faulkner, who had been living in this city for a short time before his arrest, on the charge of burning a saloon in Lebanon, belonging to Henry Murphy of Franklin. Faulkner confessed the crime but told the state that Murphy had paid him \$200 to burn it for the insurance money. While tending bar in a local saloon Mr. Strebel overheard a transaction over the phone between Faulkner and Murphy and it was this bit of information that he was expected to tell on the stand. He has been in Lebanon all week and up until Wednesday had not been called in the case.

Wednesday afternoon, Mr. Strebel became ill in the court room and was excused by the deputy sheriff and told to go to his hotel and go to bed. He was not seen again until attendants found him lying in bed with a jagged wound in his throat.

He will remain in Lebanon for the present under the care of the physician who was called. He will recover.

CLEVELAND TO HONOR FLYERS
Cleveland, July 3.—Cleveland will pay honor to the first trans-Atlantic flyers July 14. On that day members of the crew of the NC-4 including Ensign Herbert E. Rodd, wireless operator, a native Clevelander, will be guests of the Cleveland aviation club.

POLICE SEEK MURDERER.

Cleveland, July 3.—Police were seeking today the slayer of Dominic Starpoli, 39, found early this morning at a boarding house in Newark Ave.

EX-KAISER WILL SOON COME TO TRIAL SAYS LLOYD-GEORGE

London, July 3.—Premier Lloyd George announced this afternoon that the ex-kaiser will soon be placed on trial.

The former ruler of Germany will be tried by an international tribunal sitting in London, the prime minister said.

In addition to the ex-kaiser all persons supremely responsible for the war will be tried, the premier added.

FIFTY-EIGHT ARE HANGED AT BUDAPEST

Vienna, July 2.—via London, July 3. Fifty eight persons were hanged at dawn today at Budapest for their alleged participation in the recent Hungarian counter revolution. Hundreds are in prison at Budapest awaiting sentence.

Allied military mission in Vienna has received word that the "Lenine boys" a band of young Bolsheviks, are again on the war path at Budapest.

Bela Kun, the Red dictator of Hungary, is treating the situation with a ruthless hand. He is quoted as saying:

"The uprising must be choked with blood. Now is the time for the supreme test. The eyes of the whole world are upon us and the dictatorship must be maintained."

PRESIDENT SENDS REGRETS TO THE BRAZILIAN CHIEF

U. S. S. George Washington, July 3.—(By wireless to New York.)—President Wilson today sent a wireless message to President-elect Epitacio Pessoa, of Brazil, who has been visiting the United States, regretting his absence and expressing the wish that the visit may draw America and Brazil into closer relations. The text of the message follows:

"I sincerely hope that your excellency's visit to the United States has been in every way agreeable to you. I greatly regret that I was not there to welcome you upon your arrival and I wish now to bid you a temporary good bye with the sincerest best wishes. It was a pleasure to know you in Paris, and I am sure you must feel how warm the friendship of the people of the United States for the people of Brazil is. I hope that every influence will draw the people of the two countries into closer and closer relationship."

ALL IS SET AT TOLEDO FOR THE FISTIC CLASSIC

By Frank G. Menke.

Toledo, O., July 3.—"What's the news around here?" inquired a new Toledo arrival.

"Oh, the big fight goes on tomorrow," was the answer. "Jess Willard weighing about 245 and six feet, seven inches tall, tackles Jack Dempsey, weight 200, and six feet two, in a scheduled 12 rounder."

"Will it go the limit?" "Very few think so," was the answer. "Both men are terrific hitters and the general belief is that the clash will terminate in a knockout before the ninth round."

"How does this three officials plan work?"

"Well, Ollie Pecord is the referee and Tex Rickard and Major Anthony J. Drexel-Biddle are the judges. If the fight ends in a knock out or on a foul, Pecord will be the sole ruler. But if both men are on their feet at the end of the twelfth round the master of ceremonies will go to one side of the ring and collect the written decision of Rickard and then get that of Biddle. Both slips of paper will be passed over to Pecord who will wait in the ring with the fighters. Pecord will look at the slips. If the judges are a unit in their decision, he will then announce it and give the name of the man they have called victor. And that is the official decision. But if Rickard should vote for one fighter and Biddle the other, then the official announcer will state that the judges have disagreed and that the referee will decide. Then Pecord will tell his decision to the announcer who will proclaim it—and that becomes the official decision, because of the time it will take to collect the votes. Rickard and Biddle and for Pecord to look them over, etc., it may be nearly a minute after the 12th round ends before the result is known."

"What time does the fight go on?"

"Scheduled to start at 3 p. m. (central time)" was the answer.

"The promoter's promise that the boys will get busy right on the stroke of three—BUT you know how it is with the introducing, the fussing and the confabs. It may be 3:15 or later before they actually get under way. The gates will open at 9 a. m. First preliminary starts at 10 and there's a preliminary every hour until 2, when the semi-final goes on."

"Will they fight rain or shine—and what are weather indications?"

"Fight—rain or shine—is the program. Both men have agreed to go on no matter what sort of weather prevails. However, the outlook right now is for one intensely torrid, breezeless day for which Toledo is famous—or infamous."

"What sort of a crowd is expected—and what does the gate total so far?"

"Both are mysteries" was the response. "The arena, it is claimed, will seat 30,000. Up to the present time the claim is made that over \$500,000 worth of tickets have been sold. The exact number of seats disposed of has not been announced. Perhaps 20,000 would cover it, because most of the sales have been of the high priced seats. However, the big rush for the seats is on today. The \$10 bleachers will be on the market at 9 o'clock tomorrow morning. Perhaps the bulk of them will be sold—and there are around 20,000 of the \$10 variety."

"Some folks estimate the total gate at around \$650,000 and the attendance at 45,000. Others—including the promoters—are figuring on a \$1,000,000, house and a packed arena."

"Rickard and those associated with him are encountering expense that seems close to \$500,000. Willard gets \$100,000 win, lose or draw, and Dempsey gets \$27,500. The arena cost about \$115,000. The war tax on all tickets is around ten per cent and an additional tax goes to the city for charities—perhaps \$70,000."

MINISTER PICHON HEADS THE NEW "BIG FOUR."

The new Council of Four, consisting of Stephen Pichon, French Foreign Minister; Robert Lansing, American Secretary of State; Arthur J. Balfour, British Foreign Secretary, and Tomasso Tittoni, Italian Foreign Minister, are at present at work completing the Austrian peace terms. M. Pichon will be chairman of the council. It is probable that the new council will outline the method of procedure of the Peace Conference, which is likely to undergo many changes.

DR. ANNA SHAW IS A VICTIM OF PNEUMONIA

Philadelphia, Pa., July 3.—Dr. Anna Howard Shaw, honorary president of the National American Woman's Suffrage association died at her home in Moylan, Pa., near here, yesterday. She was 71 years old. Dr. Shaw also was chairman of the woman's committee of the council of national defense and recently was awarded the distinguished service medal for her work during the war.

Dr. Shaw was taken ill in Springfield, Ill., about a month ago while on a lecture tour with former President Taft and President Lowell of Harvard university in the interest of the League of Nations. Pneumonia developed and for two weeks she was confined to her room in a Springfield hospital. She returned to her home about the middle of June and apparently had entirely recovered.

Last Saturday she drove to Philadelphia in her automobile and upon her return said she was feeling "fine." She was taken ill again yesterday with a recurrence of the disease and grew rapidly worse until the end.

Her secretary, Miss Lucy E. Anthony, a niece of Susan B. Anthony, who has been with Dr. Shaw for 30 years, and two nieces the Misses Lulu and Grace Greene, were at her bedside when she died.

Dr. Shaw long had been prominent in the woman's suffrage movement and was president of the National American Woman Suffrage association consecutively for 11 years. In 1915 she declined a renomination and was then elected honorary president. She had spoken in every state in the Union, before many state legislatures and committees of both houses of congress in the interest of suffrage. She was a member of the International Woman Suffrage Alliance, International Council of Women, League to Enforce Peace, and National Society for Broader Education.

Dr. Shaw was born in New Castle-on-Tyne, England, and was brought to America by her parents when 4 years of age.

In her girlhood she lived with her parents' immigrant family in a Michigan wilderness, 40 miles from a post office and 100 miles from a railroad, starting her career as a school teacher, who walked eight miles a day and received \$4 a week. Her home was a poverty-stricken log cabin built by her father, who was compelled to leave his wife and children at the mercy of Indians and wild animals while he earned a living for them.

From her Michigan home, Dr. Shaw went to live with one of her married sisters in a northern town. After studying at Albion college, from 1872 to 1875, she was graduated from the Boston School of Theology in 1878, paying her way through school and college by preaching and lecturing. She suffered extreme poverty during this period, living in an attic in Boston.

On account of her sex she was refused ordination by the New England conference and by the general conference of the Methodist Episcopal church, but in the same year had the honor of being the first woman ordained by the Methodist Protestant church. In her struggles to become a minister, she fought against ridicule, dissension and lack of the bare necessities.

After seven years' service as preacher to a small flock at East Dennis, Mass., Dr. Shaw resigned from the pulpit to take up the fight for temperance, for suffrage and for social purity.

The year 1912 was the banner year for Dr. Shaw and the suffrage cause, when Arizona, Kansas and Oregon received full suffrage.

TEXT OF PACT IS ANNOUNCED BY THE FRENCH

Paris, July 3.—The text of the defensive pact between France, the United States and Great Britain was given out at the French foreign office last night, despite Secretary of State Lansing's statement an hour earlier that it could not be communicated to the public until it had been submitted to the United States senate.

The French press enthusiastically welcomed the official confirmation of the existence of the pact and expressed hope that the president will induce the senate to ratify it.

The Echo de Paris regrets that Great Britain does not unqualifiedly propose military aid to France.

STREET CAR MEN EXPECT A REPLY

Cleveland, O., July 3.—Street car men were today expecting a definite reply from the Cleveland Street Railway company on their demands for a 12 cent an hour wage boost. They believed that the action of city council in sanctioning an adequate and fair wage would result in their demands being granted. However, it was considered likely that the company would offer a compromise proposition.

According to Fred F. Telschow, president of the street car workers, the motormen and conductors are united in their stand for a 12 cent increase and will back up their demands by a strike if necessary. The men will meet tonight to receive the company's reply.

Council refused to grant a request from the company for a one percent increase in the dividend rate—from six to seven cents.

EAT YEAST, STOP H. C. L.

Boston, Mass., July 3.—Do you want to reduce the high cost of living?

Eat dry yeast then, suggests the Boston Medical and Surgical Journal. "Dried yeast," says the paper, "has at least three times the caloric value of beef of moderate fat content."

"It is readily digested and utilized by the animal organism. After experiment upon 32 white rats, the yeast diet made the rats fatter than any other diet."

PREPARATIONS BEING MADE IN AMERICA TO RECEIVE DIRIGIBLE

New York, July 3.—The Marconi wireless company today sent out a general order to all ship operators to cease radio traffic work when they hear "DMD" cracking out over the Atlantic. "DMD" is the signal of the R-34. Before night-fall, the British dirigible is expected to be in touch with several Atlantic coast stations.

Mineola, L. I., July 3.—Wireless operators were at their posts at Roosevelt field, Mitchell field and at Hazlehurst field today, awaiting some word from the British dirigible R-34. Thus far no message has been received from the dirigible.

Six hundred army men and 150 navy aviation men went on duty here today, prepared to handle the guy ropes and fasten the ship to the big concrete anchors when she arrives. All leaves of officers and men have been stopped until the R-34 starts back to Europe.

Two thousand military policemen will be on duty to handle the crowds.

London, July 3.—The British airship R-34 had accomplished about 1,250 miles of her 2,965 mile (nautical) journey to Mineola, L. I., from East Fortune in Scotland at 6:55 o'clock this morning, Greenwich time.

A wireless flash from Major Scott, the dirigible's commander, reported that at that hour the R-34 had reached 52.30 north latitude, 30 west longitude, a little more than half the distance from East Fortune to St. Johns, New Foundland.

The big air liner is speeding westward at an average rate of less than 35 knots. Unless she increases her speed as she approaches the banks of New Foundland, it does not appear likely that she will reach Mineola before early Saturday morning.

At her present rate of speed the R-34 should arrive off New Foundland before noon tomorrow. It is believed this was the information Major Scott sought to convey in a message last night, predicting that the dirigible would arrive Friday morning.

The airship made excellent progress across the starlit sky last night. A fog bank had caused her to turn southward from her course yesterday and late in the afternoon she apparently encountered head winds that reduced her speed to about 30 knots. But the wireless flashes from Major Scott's gondola make it evident that the wind was no serious hindrance to her westward flight. The R-34 held a steady course at an elevation of only 2,000 feet and apparently made no attempt to climb higher to shake off the resisting elements.

EX-PUPILS OF O. S. & S. O. HOME GIVE LESTER ARNOLD A GREAT OVATION

A wonderful ovation was tendered Lester Arnold, aged Xenian, when he was introduced to the Ex-Pupils attending the reunion banquet at the Soldiers' and Sailors' Orphans' Home last night as the man who, fifty years ago gave the first \$1,000 which made the institution possible.

Mr. Arnold was the guest of honor of the Association of Ex-Pupils, and had a place at the toastmaster's table. When Attorney George B. Harris, of Cleveland, the toastmaster, introduced Mr. Arnold to the gathering, the company rose and three cheers were given in honor of the man who morally and financially did so much to bridge the difficulties which the Grand Army met in its efforts to establish the institution. He is the only one living of the trio of men who each tendered \$1,000 for the Home at a meeting which was held in the Xenia city hall in June 1869. James McMillen and Alfred Trader, who also gave \$1,000 each for that purpose passed to their reward many years ago. Mr. Arnold is in the ninety-first year of his age, but in excellent health. He greatly enjoyed the occasion, and was very much touched by the honor paid him.

E. Howard Gilkey, of Columbus, one the first children received at the Home, who is credited with having made the speech at a public meeting in the Xenia City hall in the latter part of 1869, which so touched a legislative committee that it went back to Columbus and recommended that the State take over the Home, was one of the interesting after dinner speakers. His subject was "Early Home Days."

Mrs. Mary Carson McCain of Indianapolis, another of the early Home pupils was unable to be present and her place on the program was taken by Mrs. Amy Triest Long of Dayton, who gave reminiscences. Other speakers were, Major William Campbell, military instructor at the Home who talked on "Army Camps," Rev. George S. Macaulay, who spoke on the Y. M. C. A. Abroad, Lieutenant George Radway, of Ashland, who talked on the subject "Over There," which had been originally assigned to Sergeant Law-

rence Eyler, who was not present. Mrs. Jessie McArthur Schaffer, who closed the program with a talk on Red Cross Home Service.

Over 400 covers were laid for the banquet, which was one of the most enjoyable in the history of the A. X. P. The children's dining room, in which the banquet was served was decorated with flags and flowers, and cut flowers decked the tables. President G. A. Stulz, of the Ex-Pupils Association said this morning that he is particularly grateful to Miss Rosalie Bauerle and Miss Jennie B. Nesbitt for the success of the banquet. The following menu was served:

Queen olives, salted nuts, sweet pickles, roast chicken, hot biscuits, cream sauce, new potatoes, creamed peas, cold sliced ham, pineapple and cheese salad, wafers, brick ice cream, cake coffee.

At the close of the program, the company rose and sang "Keep the Home Fires Burning."

The goal of \$20,000 was set this morning by the memorial committee of the A. X. P. for the ex-pupils memorial building to be erected on the Home grounds.

"We will be over the top today with the first \$5,000 and then we will be ready to ask the architect to submit plans and figures," said retiring President Stulz today.

No definite plans for the building will be made before the next reunion, and by that time it is expected that the cost of building materials will be more stable.

The building will not cost less than \$20,000 and it may go higher. Because ex-pupils of the Home are scattered all over the universe, it will take a long time to reach them, but with the first \$5,000 obtained it is thought that the rest will come comparatively easy.

Several sites for the building have been suggested. One is in the field midway between the chapel and schools. Another just off the main driveway into the grounds.

The executive committee of the A. X. P. held a meeting this morning, and took action thanking Superintendent and Mrs. Elton for the courtesies extended them and all employees for the help given toward the reunion.

La-may Face Powder

Stays on Better Than Any Other.

Now you can use a pure face powder cause it stays on so well, this La-may that beautifies your complexion wonderfully and is guaranteed not to injure the most delicate baby skin. And it really stays on better than any other face powder. It does not contain white lead or starch or rice powder (Poudre de Riz) to make it stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also astringent, discouraging flabbiness, crows' feet and wrinkles. Because it is pure and beautiful, it is used by the most famous actresses in the world.

NOTHING EQUAL TO NERV-WORTH IN HOT WEATHER

It Gives Restful Sleep, Aids Digestion, Steadies the Nerves, Builds Up Strength.

A tonic that does this when mid-summer heat lays its heavy burdens upon humanity is worth ten times its cost. That Nerv-Worth lifts these burdens is proven by a host of signed statements still on file.

If the reader is skeptical he can verify Nerv-Worth claims without running a cent of risk. The Nerv-Worth dealer will refund his dollar if the benefits promised do not follow a trial according to directions. This offer goes in every single Nerv-Worth advertisement. Could anything more fully prove the faith in Nerv-Worth which its makers possess?

Nerv-Worth is a family tonic which does good and good only. Composed of vegetable ingredients it confers rich benefits upon the system and leaves not a trace of harm behind. It is truly a family tonic, blessing equally the nervous child, the worn-out veteran and men and women of all ages.

Sayre & Hemphill sell Nerv-Worth in Xenia; W. F. Harper at Jamestown.

HOW MANY WOMEN DO YOU KNOW

Who can say they are perfectly well? "I am tired all the time," "I am so nervous it seems as though I should fly," "I can hardly drag around today," and all such expressions are characteristic of women who have overtaxed their strength until headaches, backache, nervousness, dragging-down pains, irregularities and the blues, symptoms of a female weakness, have developed. Women who are in this condition may rely upon Lydia E. Pinkham's Vegetable Compound to restore them to health and strength.

Once-a-Week Polish Keeps Teeth Stainless

Why do so many use pumice stone, ashes, charcoal, or other harsh, dangerous substances, to remove the unsightly yellowish or blackish tinge from the teeth? Simply because they have never been able to find any tooth powder, paste or liquid that would do the work. The reason tooth stains are so difficult to remove is that they are covered with a slimy film, or "plaque" which the usual dentifrices cannot penetrate or dissolve.

The problem of removing these on-stain films has finally been solved by a well-known dentist, who has originated what he calls "Once-a-Week Tooth Polish." This polish not only removes all discoloration easily and quickly, but without the least injury to enamel or gums—qualities not found in any other preparation in the market. Once-a-Week Tooth Polish, obtainable at any druggist's is not intended as a substitute for dentifrices, but to be used in addition to them—once a week as the name implies. It should be used by children as well as adults, as a preventive of decay, tartar, stains, germs.

To Keep My Skin Soft, Clear and Pliable I Use Howard's Buttermilk Cream

You too will be surprised and delighted with its use for while it turns the dulled and most lifeless complexion to a radiant beauty, it does not show the slightest sign of its use. It actually vanishes from sight and the most heated atmosphere will not produce the slightest shininess or greasiness of skin. Howard's Buttermilk Cream is guaranteed to satisfy you in every way or the purchase price will be refunded. Sayre & Hemphill or any good druggist can supply you.

NEWSPAPER FORCE WILL ENJOY FOURTH

There will be no issues of the Gazette and the Republican Friday. Even a newspaper man takes a rest now and then, and dodging away from the click of typewriters and linotypes and the pounding of the presses, lets the paper go hang. There are two holidays on the newspaper man's calendar—Christmas and the Fourth of July. Friday being the Fourth readers will not find the paper on their doorsteps.

EAST END NEWS

The Junior choir of St. John's A. M. E. church will meet tonight at the church at eight o'clock. Every member is urged to be present.

Miss Margaret Watkins left this morning for Chicago for a month's visit with relatives and friends.

Mr. Oliver Gaines, who passed away at the McCallan Hospital Wednesday morning after suffering several months from a complication of diseases, was perfectly resigned to his death. He bore his illness with patience and told his mother and sisters that all was well with him and at any time he was ready and willing to go. He was married to Miss Beatrice Gaines, of Cincinnati, 14 years ago, who still survives. Besides his mother and sisters he also leaves the following niece and nephews, Margaret Cosby, Gaines Cosby and baby Melvin Corbin. The funeral will be held Saturday morning at 10 o'clock from his late residence on East Market street.

THEATERS

BIJOU

William S. Hart is surrounded with an excellent cast in the Artercraft Production "The Money Corral," which will appear at the Bijou Theater both matinee and night of the Fourth. Supporting Bill are Jane Novak, pretty little screen star, Herschel Mayall, Winter Hall, Rhea Mitchell and Patricia Palmer. Quite a likely cast and one that will add to the interest that naturally attaches to a William S. Hart picture.

A Bill Hart picture makes just the right sort of a program for Fourth of July and in this picture Bill has attained some of the best work he has ever done.

AMERICAN MEN AND WOMEN IN FIGHTING TRIM

They Keep To The Top Notch of Health

The spirit of the times demands perfect health and nerves, and keeping them up to the highest degree of efficiency.

Wise men and women have learned that it does not pay to allow health or nerves to run down and are quick to take advantage of Nature's greatest red blood and nerve tonic, Phosphated Iron, the minute they feel they are slowing up.

Whatever your work may be there is no reason why it should continue to tire you. Your work should only use the right amount of your energy. It is trying to work on your nerves and forcing yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when you get up in the morning as tired as when you went to bed.

There is no sense in anyone being a victim of ill health, poor blood, overwork, nerves or the blues when Phosphated Iron will afford such prompt and permanent relief.

All over the country men and women in every walk of life lay their good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder and it will also put you on your feet, make you feel like a live one. It produces results that last, that's what counts, no "ifs" about it.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not take pills or tablets. Insist on capsules. Sohn's drug store and leading druggists everywhere.

C C C CENTENARY CELEBRATION COLUMBUS

(OHIO)

Described by William C. Freeman, Associated with Paul Block, Inc., New York, Chicago, Detroit, Boston.

I have never been "upstairs" in a flying machine.

It must be a wonderful sensation to sail along through the air between Heaven and earth.

Bird-men fly over the State Fair Grounds at Columbus, where the CENTENARY CELEBRATION is taking place.

I don't know whether they purposely plan their air-sailing routes to take in the great panorama at the State Fair Grounds, but I notice when they fly over this inspiring scene they turn about again and again, seemingly greatly attracted and impressed.

What man has done in producing the flying machine, the submarine, wireless telegraphy, the telephone, the automobile, the tractor and the many other wonderful, useful and progressive things of the world—has been fairly matched by the composite genius of many minds in producing the CENTENARY CELEBRATION COLUMBUS.

So many unusual, instructive, appealing and delightful things have been assembled in this CENTENARY CELEBRATION COLUMBUS that you will marvel at them just as we have all marveled at the genius of man in uniting God's power with his, for the betterment of the world, as has been done in hundreds of ways.

But the greatest of all benefits that comes of uniting God's power with man's IS THAT WHICH LIFTS MEN AND WOMEN TO THE PLANE OF APPRECIATION OF LIFE, its duties and its beauties.

To see former cannibals and head hunters live like civilized beings gives one confidence in humanity.

Ohio people should be very proud of their great Coliseum at the State Fair Grounds. Columbus—a building that seats 7,500 people and has such splendid acoustic qualities that the voice carries perfectly to all parts of it and is heard distinctly.

To divert just a moment: Ohio people should also be very proud of the great Oval Amphitheater at the State Fair Grounds where more than 50,000 people can be seated comfortably.

I don't know how many other places there are in America where people can be seated to see part of a Great Exposition, but there are not many, that's certain, so the State of Ohio may be counted as a Great Leader in producing at its Capital such splendid facilities for the entertainment of her people.

No wonder the managers of the CENTENARY CELEBRATION SELECTED COLUMBUS as the place to display its marvelous exhibits.

Now let me return to the Pageant. Directly in front of the stage stands one of the greatest pipe organs of the world, purchased for this CENTENARY CELEBRATION COLUMBUS.

YOU MUST HEAR IT. You must see the master organist whose touch with hands and feet brings to your ears wonderful music—sound—harmonious and inspiring—from all nooks and corners of the great Coliseum.

Surrounding the organ is the Cincinnati Symphony Orchestra of 75 pieces.

Have you ever heard this wonderful Orchestra?

If not, do so by all means. You can listen to it for hours and get joy and thrills out of every minute.

Topping off all this—a great chorus of colored folks, on one side of the Coliseum and a great chorus of white folks, on the other side, totaling 3,000, join in a wave of song that will lift you to your feet when you hear it.

OH, THIS PAGEANT IS REALLY WONDERFUL!

And this, mind you—as big and as inspiring as it is—is only a part of this Great Exposition.

Don't you want to see it? Don't you want to hear the grand, inspiring music?

You can see it for 5c cents—and for another 5c cents, the entrance fee, you can see all day long, as of the other parts of this CENTENARY CELEBRATION COLUMBUS—each one splendidly impressive.

HOW MANY WOMEN DO YOU KNOW

Who can say they are perfectly well? "I am tired all the time" "I am so nervous it seems as though I should fly." "I can hardly drag around today," and all such expressions are characteristic of women who have overtaxed their strength until headaches, backache, nervousness, dragging-down pains, irregularities and the blues, symptoms of a female weakness, have developed. Women who are in this condition may rely upon Lydia E. Pinkham's Vegetable Compound to restore them to health and strength.

Once-a-Week Polish Keeps Teeth Stainless

Why do so many use pumice stone, ashes, charcoal, or other harsh, dangerous substances, to remove the unsightly yellowish or blackish tinge from the teeth? Simply because they have never been able to find any tooth powder, paste or liquid that would do the work. The reason tooth stains are so difficult to remove is that they are covered with a slimy film, or "plaque" which the usual dentrificers cannot penetrate or dissolve.

The problem of removing these obnoxious films has finally been solved by a well-known dentist, who has originated what he calls "Once-a-Week Tooth Polish." This polish not only removes all discoloration, easily and quickly, but without the least injury to enamel or gums—qualities not found in any other preparation in the market. Once-a-Week Tooth Polish, obtainable at any druggist's is not intended as a substitute for dentrificers, but to be used in addition to them—once a week as the name implies. It should be used by children as well as adults, as a preventive of decay, tartar, stains, germs.

To Keep My Skin Soft, Clear and Pliable I Use Howard's Buttermilk Cream

You too will be surprised and delighted with it's use for while it turns the dull and most lifeless complexion to radiant beauty, it does not show the slightest sign of it's use. It actually vanishes from sight and the most heated atmosphere will not produce the slightest shininess or greasiness of skin. Howard's Buttermilk Cream is guaranteed to satisfy you in every way or the purchase price will be refunded. Sayre & Hemphill or any good druggist can supply you.

NEWSPAPER FORCE WILL ENJOY FOURTH

There will be no issues of the Gazette and the Republican Friday.

Even a newspaper man takes a rest now and then, and dodging away from the click of typewriters and linotypes and the pounding of the presses, lets the paper go hang.

There are two holidays on the newspaper man's calendar—Christmas and the Fourth of July. Friday being the Fourth readers will not find the paper on their doorsteps.

EAST END NEWS

The Junior choir of St. John's A. M. E. church will meet tonight at the church at eight o'clock. Every member is urged to be present.

Miss Margaret Watkins left this morning for Chicago for a month's visit with relatives and friends.

Mr. Oliver Gaines, who passed away at the McClellan Hospital Wednesday morning after suffering several months from a complication of diseases, was perfectly resigned to his death. He bore his illness with patience and told his mother and sisters that all was well with him and at any time he was ready and willing to go. He was married to Miss Beatrice Gaines, of Cincinnati, 14 years ago, who still survives. Besides his mother and sisters he also leaves the following niece and nephews, Margaret Cosby, Gaines Cosby and baby Melvin Corbin. The funeral will be held Saturday morning at 10 o'clock from his late residence on East Market street.

MANY PLANNING TO ATTEND ELKS DANCE

Many young people are planning to attend the dance, which will be first of a series of Summer dances to be given by the Elks at Kilcare Park Thursday evening.

The committee has made elaborate arrangements to make this a decidedly happy affair and start off the series of dances to be given by the club, auspiciously. Mullen's orchestra will furnish the music. The committee consists of Jacob Kany, Lester Johns and S. G. Phillips.

BIJOU

William S. Hart is surrounded with an excellent cast in the Artercraft Production "The Money Corral," which will appear at the Bijou Theater both matinee and night of the Fourth. Supporting Bill are Jane Novak, pretty little screen star, Herschel Mayall, Winter Hall, Rhoda Mitchell and Patricia Palmer. Quite a likely cast and one that will add to the interest that naturally attaches to the William S. Hart picture.

A Bill Hart picture makes just the right sort of a program for Fourth of July and in this picture Bill has attained some of the best work he has ever done.

AMERICAN MEN AND WOMEN IN FIGHTING TRIM

They Keep To The Top Notch of Health

The spirit of the times demands perfect health and nerves, and keeps them up to the highest degree of efficiency.

Wise men and women have learned that it does not pay to allow health or nerves to run down and are quick to take advantage of Nature's greatest red blood and nerve tonic, Phosphated Iron, the minute they feel they are slowing up.

Whatever your work may be there is no reason why it should continue to tire you; work should only use the right amount of your energy. It is trying to work on your nerves and forcing yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when you get up in the morning as tired as when you went to bed.

There is no sense in anyone being a victim of ill health, poor blood, overwork, nerves or the blues when Phosphated Iron will afford such prompt and permanent relief.

All over the country men and women in every walk of life lay their good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder and it will also put you on your feet, make you feel like a live one. It produces results that last, that's what counts, no "ifs" about it.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not take pills or tablets. Insist on capsules. Sohn's drug store and druggists everywhere.

CENTENARY CELEBRATION COLUMBUS

(OHIO)

Described by William C. Freeman, Associated with Paul Block, Inc., New York, Chicago, Detroit, Boston.

I have never been "upstairs" in a flying machine.

It must be a wonderful sensation to sail along through the air between Heaven and earth.

Bird-men fly over the State Fair Grounds at Columbus, where the CENTENARY CELEBRATION is taking place.

I don't know whether they purposely plan their air-sailing routes to take in the great panorama at the State Fair Grounds, but I notice when they fly over this inspiring scene they turn about again and again, seemingly greatly attracted and impressed.

What man has done in producing the flying machine, the submarine, wireless telegraphy, the telephone, the automobile, the tractor and the many other wonderful, useful and progressive things of the world—has been fairly matched by the composite genius of many minds in producing the CENTENARY CELEBRATION COLUMBUS.

So many unusual, instructive, appealing and delightful things have been assembled in this CENTENARY CELEBRATION COLUMBUS that you will marvel at them just as we have all marveled at the genius of man in uniting God's power with his, for the betterment of the world, as has been done in hundreds of ways.

But the greatest of all benefits that comes of uniting God's power with man's IS THAT WHICH LIFTS MEN AND WOMEN TO THE PLANE OF APPRECIATION OF LIFE, its duties and its beauties.

To see former cannibals and head hunters live like civilized beings gives one confidence in humanity.

Ohio people should be very proud of their great Coliseum at the State Fair Grounds, Columbus—a building that seats 7,500 people and has such splendid acoustic qualities that the voice carries perfectly to all parts of it and is heard distinctly.

To divert just a moment: Ohio people should also be very proud of the great Oval Amphitheater at the State Fair Grounds where more than 50,000 people can be seated comfortably.

I don't know how many other places there are in America where 50,000 people can be seated to see part of a Great Exposition, but there are not many, that's certain, so the State of Ohio may be counted as a Great Leader in providing at its Capital such splendid facilities for the entertainment of her people.

No wonder the managers of the CENTENARY CELEBRATION SELECTED COLUMBUS as the place to display its marvelous exhibits.

Now, let me return to the Pageant. Directly in front of the stage stands one of the greatest pipe organs of the world, purchased for this CENTENARY CELEBRATION COLUMBUS.

YOU MUST HEAR IT. You must see the master organist whose touch with hands and feet brings to your ears wonderful music—harmonious and inspiring—from all nooks and corners of the great Coliseum.

Surrounding the organ is the Cincinnati Symphony Orchestra of 75 pieces.

Have you ever heard this wonderful Orchestra?

If not, do so by all means.

You can listen to it for hours and get joy and thrills out of every minute.

Topping off all this—a great chorus of colored folks, on one side of the Coliseum and a great chorus of white folks, on the other side, totaling 3000, join in a wave of song that will lift you to your feet when your heart is.

OH, THIS PAGEANT IS REALLY WONDERFUL!

And this, mind you—as big and as inspiring as it is—is only a part of this Great Exposition.

Don't you want to see it? Don't you want to hear the grand, inspiring music?

You can see it for 5c cents—and for another 5c cents, the entrance fee, you can see all day long, all of the other parts of this CENTENARY CELEBRATION COLUMBUS—each one splendidly impressive.

WANT BEER WITH MORE
DEVIL IN IT.

What a sorry time the brewers, saloonists and beer guzzlers are having in their efforts to overcome prohibition. They have high paid lawyers hired to devise some way to get around it, and we are not certain but that they have gone so far as to suborn judges in their favor.

The law is that beer containing more than half of one per cent of alcohol is intoxicating. This doesn't suit them. This doesn't put enough devil in the man who drinks—doesn't fire him up to go home and whip his wife and children. So they must have it stronger, and a Baltimore Judge has decided that beer with 2 1/2 per cent of alcohol is not intoxicating—that the man could still walk a crack in the floor and be only funny drunk. To this 2 3/4 alcohol beer then they have tied their hopes, and saloonists in many cities are dispensing it, running the risk of subsequent arrest.

We saw a statement the other day showing that liquor drinking was a bane of society in this country as far back as the colonial days, two hundred years ago. Think of the money that has been worse than thrown away in these two centuries in this country alone.

And we read that it is worse in England than it ever was here. Leading members of parliament are big brewers, and hence no headway for temperance can be made because of their influence against. And during the war drinking largely interfered with all military operations.

But, thank God, John Barleycorn is on his last legs in this country. When we get national prohibition, after January 1st next, it will take only a short time for the country to realize what a set of fools we have been so long to carry this shameful tax burden for the sole benefit of the liquor interests.

The bar-room is like a dishonest bank. You deposit your money—and lose it; your time—and lose it; your character—and lose it; your manly independence—and lose it; your home comfort—and lose it; your self-control—and lose it; your children's happiness—and lose it; your own soul—and lose it.

SANDRA THE
JEALOUS

BY JANE PHELPS.

EVERETT SURPRISES SANDRA
WITH A LETTER.

CHAPTER IV.

The world seemed very uninteresting after Everett left. I felt almost as if I were all alone, although all the town boys and girls were around as usual. But somehow Everett had a way of making you know HE was THERE. I don't know how else to express it. But Rose and some of the others made no secret of their joy that he had gone.

"So 'grandpa' has finally taken himself out of the way, has he?" Rose asked. "Now perhaps we can have some fun."

I never said much when they teased me, and called Everett "Grandpa," but it made me uncomfortable, and I always flushed terribly. When Everett's first letter came, about three days after he left, I was so pleased that I didn't mind their teasing me one single bit.

He had said nothing about writing to me, so I was awfully surprised. It was just a short letter, such a one as any friend might have written me. There wasn't a word about caring for me in it. But just at the last he said:

"I have missed my little friend more than I ever thought it possible to miss anyone." It was silly, but I kissed the paper right on those lines. Then I carried it in the bosom of my dress for days—just like the girls in the novels did. But finally I put it away in the bureau drawer under my shirtwaists. The boys never disturbed them, and the letter was getting worn out.

It took me one whole afternoon to answer that letter. I must have wasted nearly a box of paper before it suited me. Then it didn't—not perfectly.

I wrote about everyday things, the people he knew, etc., just as he did, until I came to the very end of my

letter. Then I told him that I had missed him too more than I ever had missed anyone before. I wasn't very original, but I had spoiled so many sheets of paper I didn't dare use any more. As it was I had to burn up all the spoiled sheets and the envelopes to match for fear the boys would find them. It would have been terrible if they had. I never should have heard the last of it.

It is strange how things long past come back to us. I recall distinctly that whenever Everett came to call in that short first week I knew him, that I was always a bit frightened to go down to meet him—he always asked for me—for fear I did not look nice enough. Even then I had heard him express an opinion upon the way some of the girls in our town were dressed at the tennis party, and it made me uncomfortable. I wore simple wash dresses at home, but they were always fresh laundered, and until he commenced coming to the house, I never had thought of wearing anything different. Even now I know there could not have been anything very wrong about my gingham for morning and dainty muslins for afternoon. Anyway, Everett said I looked lovely in them; and that mother was sensible to keep me looking so young.

I don't know that I was very different from other girls of my age, brought up as I had been, and if I confess that I FELT in some way different, set apart from the rest of the town girls after I received Everett's letter, I think most people will understand.

I attached a sentimental value to the few lines he had written, that I never should have dreamed of putting upon the notes I had received occasionally from the town boys. This charming man from a great city where there were so many lovely girls, had singled me. Sandra Courtney, out for his especial attention.

It was a long time before he answered my letter. Nearly six weeks. But as he sent me some books and candy in the interim I did not feel that he had forgotten me, although I looked anxiously each day for a reply; and once or twice I looked myself in my room and shed a few tears when father said there was "no mail."

Then came the morning when I received Everett's second letter. I had walked down with father, and went with him to the post office. I read it as I walked slowly home under the blossoming trees; the scent of early flowers in the air. He sort of apologized for not replying sooner, asked me to forgive him, and said he would be more prompt in the future if I would. He also said he would be in Lakeville again before fall, and signed himself: "Your fond friend, Everett Graham."

Tomorrow—Everett Proposes.

Turkish
Tobacco

See my shadow? Yes.

It looks like me, but it isn't me.

Ever smoked "bundle" cigarettes?

They may look like Helmar—but law me! they don't taste like Helmar.

They can't—for they only have a "dash" of Turkish in them—and Helmar is 100% pure Turkish—the finest and best tobacco for cigarettes.

We are talking plain—but it's the Truth.

Peerless Armco Iron Furnaces

IT WAS A DELUSION

When the dealer told you that a cheap cast iron, pieced jointed furnace would outlast a boiler iron furnace.

The home owners do not hesitate to pay more when they see a sensible investment, that eliminates annoyance and constant expense.

Peerless Armco Iron Furnaces

Are a common sense investment—no costly fire pots to replace—no leaky joints to be reupitted by the furnace man—no grimy, sooty wall paper and draperies to clean. Think! Wouldn't you spend a few dollars more for a good furnace, while buying—than spend it for repairs—new wall paper and draperies? Of course you would.

CENTENARY
CELEBRATION
COLUMBUS

Described by William C. Freeman,
Associated with Paul Block, Inc.
New York, Chicago, Detroit, Boston.

Tomorrow—July 4th, 1919,—
INDEPENDENCE DAY—
brings to all of us a greater
appreciation of the liberties
and privileges we enjoy in
this land of Bounty, Happi-
ness and Intelligence.
Not since 1776 have we ever
realized our duty to others
as we now realize it.
This duty to others is magni-
ficently emphasized at the
Centenary Celebration, Col-
umbus.
The fruits of unselfish inter-
est in humanity—consisting
of over 16,000 individual ex-
hibits, representing 37 coun-
tries and including demon-
strations of Christian work
in the United States—are dis-
played very attractively and
interestingly in the several
buildings allotted to this pur-
pose.
(I had gone thus far with this story
when a newsboy snatched me
with an evening paper of date, Sat-
urday, June 28th, on which was dis-
played, in type three inches deep,
this significant line: "TREATY
SIGNED"—which made me stop
writing and join with thousands of
others in attendance at the Centen-
ary Celebration at the State Fair
Grounds, Columbus, in celebrating
this wonderful world event, which
means so much to all of the people
of the world. Groups of men and
women gathered in all parts of the
State Fair Grounds and rendered
thanks in song that peace had once
more been restored to the world—
and hands of music stationed them-
selves at different places and pealed
forth patriotic music. It was an
event long to be remembered by all
of us who were fortunate enough
to be able to participate in it.)
Reverting once more to the
exhibits shown in the several
buildings,—let me tell you
that you will miss the op-
portunity of your life if you
don't see them. They mark
the PROGRESS AND DEM-
OCRACY of the world.
There are human exhibits among
the number—natives that have
been civilized and christianized—
that have learned the power of the
mind when it is trained to be a
pilot in directing a human being
into safe channels, clean thoughts
and intelligent and profitable in-
dustry.
I think the significance of this
Fourth of July lies in the willing-
ness of the American people to
share with others what they enjoy
in such great abundance.
I wonder if you appreciate what
the American people have done thus
far to co-operate with the Metho-
dist Organization of America and to
encourage and to enlarge the splen-
did work being done by this great
organization in many countries
throughout the world.
Not only are the American people
sustaining magnificently the Metho-
dist organization but they are sus-
taining all of the other organiza-
tions, whose followers devote their
lives to serving human beings ev-
erywhere—lifting them up to splen-
did manhood and womanhood. At
this writing generous Americans
have contributed over \$15,000,000
to the Methodist organization with
which to continue their wonderful
work in other countries.
Before the end of the month they
will probably contribute all told \$20,
000,000.
On top of this magnificent contribu-
tion, the hundreds of thousands of mil-
lions contributed to other organiza-
tions.
Surely this is a GREAT COUN-
TRY.
Does it not make you proud to be
an American and to have the abili-
ty and THE HEART to render as-
sistance to peoples of other coun-
tries who need it so badly?
Think of the unity of American
minds and hearts in wishing this
grand work to be done and to sup-
ply generously the funds with
which to do it.
The Centenary Celebration, Colum-
bus—for the first time—gives a
scientific demonstration of how the
funds contributed for mission work
are employed.
It gives a demonstration of the
close tie-up that exists between the
business man and the religious man
because the religious man has
proved his ability to administer the
affairs that affect the UP-BUILD-
ING OF HUMANITY as intelli-
gently and as carefully as the man
of business administers his affairs.
Now the business man sees that
there is a scientific appraisalment
of the needs of the world, he is
willing to assist in supplying those
needs.
So there is glory in celebrating In-
dependence Day, tomorrow, because
all peoples of the world have been
brought closer together than ever
before and there is a great desire
manifested everywhere to be of su-
preme service.
Visit the Centenary Celebration,
Columbus, and get in personal
touch with the many things dis-
played there that will elevate you
mentally and morally.

GOITRE

Removed for this Springfield, Ohio,
Girl by External Remedy.

Mrs. Frank Beard, 1610 Kane street,
Springfield, says in her own home pa-
per the Springfield Daily News: "Sor-
bol-Quadruple removed a goitre of five
years' standing for my daughter, five
years ago, and it has never bothered
her since. It enlarged her neck 1 1/2
inches and made her a nervous wreck.
We despaired for her life. It took less
than one bottle to restore her to good
health. I am glad to tell any one our
experience, even by letter."
Sorbol-Quadruple comes in small
bottles containing enough for most
cases. It will not stain or irritate the
skin. After the goitre is removed, the
parts are left in a healthy normal
condition. Requires ten minutes daily.

BILIOUSNESS
Caused by
Acid-Stomach

If people who are bilious are treated accord-
ing to local symptoms they seldom get very
much better. Whatever relief is obtained is
usually temporary. Trace biliousness to its
source and remove the cause and the chances
are that the patient will remain strong and
healthy.
Doctors say that more than 70 non-organic
diseases can be traced to an Acid-Stomach.
Biliousness is one of them. Indigestion, heart-
burn, belching, sour stomach, bloated and gas
are other signs of acid stomach. EATONIC,
the marvelous modern stomach remedy,
brings quick relief from these stomach mis-
eries which lead to a long train of ailments
that make life miserable if not corrected.
EATONIC literally absorbs and carries
away the excess acid. Makes the stomach
strong, cool and comfortable. Helps diges-
tion; improves the appetite and you then get
full strength from your food. Thousands say
that EATONIC is the most effective stomach
remedy in the world. It is the help YOU
need. Try it on our money-back-if-not-satis-
fied guarantee. At all druggists. Only 50c

Why be Fat?
Become Slim This Season

Have you heard about the new sys-
tem for weight reduction?
You may eat and drink all you need.
There is no tedious exercising. Take
a little oil of korein at mealtimes and
when retiring; also follow the simple,
clear directions. A loss of weight, ten
to sixty pounds (whatever you need to
lose), may be expected by this safe and
pleasant system of fat reduction. At
the druggist's get a small box of oil
of korein capsules, and start at once.
Be of normal size, with good figure and
attractive appearance, agile, quick-
witted, healthier and more efficient. By
reducing weight now you are likely to
avoid one or more diseases, heart weak-
ness, sunstroke, apoplexy, etc., and to
add many years to your life. Remem-
ber—oil of korein. Become thin and
stay so. Show others this advertisement.

CAMP FIRE GIRLS
HOLD A MEETING

The Camp Fire Girls of the Class of
1920, Central High school, held a
business meeting at the home of Miss
Ethel Swan Wednesday night.
The club was organized just before
school was out and Miss Alice Coffin
of the High School faculty, was select-
ed as Guardian. In her absence dur-
ing the summer, Miss Nina Satter-
field, assistant guardian, has charge
of the girls.
The club now has eight members.
The purpose of the organization is
for recreation and welfare, the order
being a parallel to the Boy Scouts of
America. The girls will go camping,
study nature and compete for honors.
Miss Faithie Rankin is president of
the club and Miss Ethel Swan, secre-
tary and treasurer.

NEW SPEED LAW
EFFECTIVE SOON

After July 5 the old limits of speed
will be abolished in Ohio, and a new
law against reckless driving will be
substituted. Local committees will
not be allowed to lower the state
speed limit which assumes that a speed
of more than 15 miles an hour in the
congested district, more than 20 miles
an hour in a residence section and
more than 30 miles an hour on the
country roads will be considered pre-
sumptive evidence of reckless driving.

JUDGE MARSHALL CONFERS WITH STATE TAX COMMISSION

Judge J. C. Marshall is one of five probate judges who were called to Columbus Wednesday to confer with the state tax commission regarding the operation of the new direct inheritance tax law which was signed by Governor Cox June 5.

This law taxes all direct as well as collateral inheritances, the lowest exemption being \$500 for collateral heirs, and \$5,000 for widows or minor children.

One of the most important questions taken up at the meeting in Columbus today, is that of when the new law becomes operative, so far as estates which were ready for distribution are concerned. Some lawyers declare that the law cannot operate against estates of persons deceased prior to the passage of the law. Another important point of the law applies to safe deposit boxes, and is calculated to prevent persons having control of a box in which securities are kept, from opening that box and removing any taxable securities before the court and county auditor has had opportunity to make their inventories and appraisement.

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features. The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle today, begin the only logical treatment that gives real results. For free medical advice write Medical Director, 47 Swift Laboratory, Atlanta, Ga.

PILE SUFFERERS! CLEVER OHIO CHEMIST

SAYS THIS GREAT PRESCRIPTION TAKEN

INTERNALLY HAS NEVER FAILED

Even Chronic Cases of 20 to 30 Years Standing, With Profuse Bleeding, Have Been Completely Cured in From Three to Ten Days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists as Miro Pile Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble.

This prescription, although taken internally, is not digested in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place whereby its soothing, healing action, it first allays all

Our Character.

People seem not to see that their opinion of the world is also a confession of character. We can only see what we are, and, if we misbehave, we suspect others.—Emerson

How Fat Folks May Become Thin

If you are suddenly becoming stout, or if you have been putting on flesh for years, the cause is generally the same—lack of oxygen carrying power of the blood. This trouble occurs mostly in men and women over thirty, but it may be easily treated and without any of the privations most fat people imagine necessary to reduce their weight. Simply go to your druggist and get a box of Phynola. Take five grains after each meal and at bedtime. Wonderful results should be quickly accomplished by this simple treatment.

Be sure however you get the genuine Phynola. It is put up in original sealed packages, is pleasant to take and gives prompt results. Sayre & Hemphill can supply you.

DOLLAR DAY SCORES ANOTHER BIG SUCCESS IN XENIA WEDNESDAY

Dollar Day Wednesday was another one of those annual successes which are tending to establish that big bargain day as almost a county institution.

One of the largest week-day crowds ever seen on the streets was on hand for the occasion and merchants reported unusually favorable sale business. Stores were crowded all day Wednesday whether the customers were bargain hunters or not.

At the Hutchison and Gibney department store one department had done an average day's business by 9:30 o'clock and other departments were in proportion by the time the store closed. The prize story came from the S. and S. shoe store where seven clerks were unable to take care of the business and the doors of the store had to be locked from 8:30 until 11 in the morning.

The Jobe Bros., department store reported better business than a busy Saturday, the Clearance sale on at that store adding to the crowds.

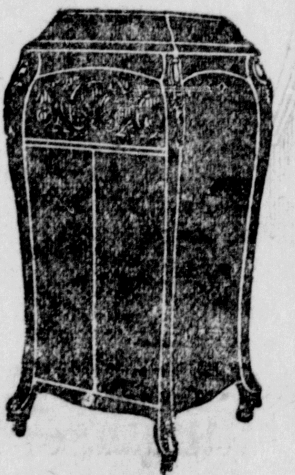

At Moser's an interesting count was taken. At 8:45 there were 39 people in the store and 11 came in inside of a minute. At Frazer's the store was crowded from time of its opening in the morning and the sale was taxed to the limit.

"Sold out" said Burt Wier, west end grocer, when interviewed. Mr. Wier didn't think that Dollar Day bargains would pull down there, but he sold every thing he offered.

At Sayre and Hemphill's drug store the biggest Dollar Day crowd yet was experienced and at the Boring Book store the conditions were equally rosy.

XENIA MAN TRIES TO END HIS LIFE AT LEBANON

With his throat cut with a small penknife, William Strebel, well-known Xenia man, was found in his room at the Hubbard House, a Lebanon hotel by hotel attendants early Thursday morning.

Brooding over small worries and the fact that he was called as a witness in the case of the State against John Faulkner and Henry Murphy, in regard to the burning of a saloon in Lebanon, which is being heard in the courts of that city this week, is said to have led to the attempted suicide. Although he succeeded in inflicting a wide cut in the throat the jugular vein was not touched and his condition is not serious according to the attending physicians. He is being taken care of by the Lebanon Lodge of Eagles and Mrs. Strebel went to Lebanon to be with him Thursday morning.

Friends of Mr. Strebel, who was well known and well-liked here, could give little reason for the attempted suicide. Petty worries are alleged to have caused it though, it being said that he was brooding over the trial at which he had been present every day, although not implicated except as a witness. He also operated a near beer bar on Whiteman street for a short time, closing it up after running for about nine days. It is thought these business worries had something to do with the rash act.

The case on which he was called as a witness is the result of the arrest of John Faulkner, who had been living in this city for a short time before his arrest, on the charge of burning a saloon in Lebanon, belonging to Henry Murphy of Franklin. Faulkner confessed the crime but told the state that Murphy had paid him \$200 to burn it for the insurance money. While trending bar in a local saloon, Mr. Strebel overheard a transaction over the phone between Faulkner and Murphy and it was this bit of information that he was expected to tell on the stand. He has been in Lebanon all week and up until Wednesday had not been called in the case.

Wednesday afternoon, Mr. Strebel became ill in the court room and was excused by the deputy sheriff and told to go to his hotel and go to bed. He was not seen again until attendants found him lying in bed with a jagged wound in his throat.

He will remain in Lebanon for the present under the care of the physician who was called. He will recover.

Cleveland, July 3.—Police were seeking today the slayer of Dominic Starpoli, 39, found early this morning at a boarding house in Newark Ave.

EX-KAISER WILL SOON COME TO TRIAL SAYS LLOYD-GEORGE

London, July 3.—Premier Lloyd George announced this afternoon that the ex-kaiser will soon be placed on trial.

The former ruler of Germany will be tried by an international tribunal sitting in London, the prime minister said.

In addition to the ex-kaiser all persons supremely responsible for the war, will be tried, the premier added.

FIFTY-EIGHT ARE HANGED AT BUDAPEST

Vienna, July 2.—via London, July 3 Fifty eight persons were hanged at dawn today at Budapest for their alleged participation in the recent Hungarian counter revolution. Hundreds are in prison at Budapest awaiting sentence.

Allied military mission in Vienna has received word that the "Lenine boys" a band of young Bolsheviks, are again on the war path at Budapest.

Bela Kun, the Red dictator of Hungary, is treating the situation with a ruthless hand. He is quoted as saying:

"The uprising must be choked with blood. Now is the time for the supreme test. The eyes of the whole world are upon us and the dictatorship must be maintained."

PRESIDENT SENDS REGRETS TO THE BRAZILIAN CHIEF

U. S. S. George Washington, July 3.—(By wireless to New York.)—President Wilson today sent a wireless message to President-elect Epitacio Pessoa, of Brazil, who has been visiting the United States, regretting his absence and expressing the wish that the visit may draw America and Brazil into closer relations. The text of the message follows:

"I sincerely hope that your excellency's visit to the United States has been in every way agreeable to you. I greatly regret that I was not there to welcome you upon your arrival and I wish now to bid you a temporary good bye with the sincerest best wishes. It was a pleasure to know you in Paris, and I am sure you must feel how warm the friendship of the people of the United States for the people of Brazil is. I hope that every influence will draw the people of the two countries into closer and closer relationship."

ALL IS SET AT TOLEDO FOR THE FISTIC CLASSIC

By Frank G. Menke.

Toledo, O., July 3.—"What's the news around here?" inquired a new Toledo arrival.

"Oh, the big fight goes on tomorrow," was the answer. "Jesse Willard weighing about 245 and six feet, seven inches tall, tackles Jack Dempsey, weight 200, and six feet two, in a scheduled 12 rounder."

"Will it go the limit?"

"Very few think so," was the answer. "Both men are terrific hitters and the general belief is that the clash will terminate in a knockout before the ninth round."

"How does this three officials plan work?"

"Well, Ollie Pecord is the referee and Tex Rickard and Major Anthony J. Drexel-Biddle are the judges. If the fight ends in a knock out or on a foul, Pecord will be the sole ruler. But if both men are on their feet at the at ends of the twelfth round the master of ceremonies will go to one side of the ring and collect the written decision of Rickard and then get that of Biddle. Both slips of paper will be passed over to Pecord who will wait in the ring with the fighters. Pecord will look at the slips. If the judges are a unit in their decision, he will then announce it and give the name of the man they have called victor. And that is the official decision. But if Rickard should vote for one fighter and Biddle the other, then the official announcer will state that the judges have disagreed and that the referee will decide. Then Pecord will tell his decision to the announcer who will proclaim it—and that becomes the official decision, because of the time it will take to collect the votes of Rickard and Biddle and for Pecord to look them over, etc., it may be nearly a minute after the 12th round ends before the result is known."

"What time does the fight go on?"

"Scheduled to start at 3 p. m. (central time) was the answer."

"The promoter's promise that the boys will get busy right on the stroke of three—BUT you know how it is with the introducing, the fussing and the confabs. It may be 3:15 or later before they actually get under way. The gates will open at 9 a. m. First preliminary starts at 10 and there's a preliminary every hour until 2, when the semi-final goes on."

"Will they fight rain or shine—and what are weather indications?"

"Fight—rain or shine—is the program. Both men have agreed to go on no matter what sort of weather prevails. However, the outlook right now is for one intensely torrid, breezeless day for which Toledo is famous—or infamous."

"What sort of a crowd is expected—and what does the gate total so far?"

"Both are mysteries," was the response. "The arena, it is claimed, will seat 80,000. Up to the present time the claim is made that over \$500,000 worth of tickets have been sold. The exact number of seats disposed of has not been announced. Perhaps 20,000 would cover it, because most of the sales have been of the high priced seats. However, the big rush for the seats is on today. The \$10 bleachers will be on the market at 9 o'clock tomorrow morning. Perhaps the bulk of them will be sold—and there are around 20,000 of the \$10 variety."

"Some folks estimate the total gate at around \$650,000 and the attendance at 45,000. Others—including the promoters—are figuring on a \$1,000,000, house and a packed arena."

"Rickard and those associated with him are encountering expense that seems close to \$500,000. Willard gets \$100,000 win, lose or draw, and Dempsey gets \$27,500. The arena cost about \$115,000. The war tax on all tickets is around ten per cent and an additional tax goes to the city for charities—perhaps \$70,000."

LEAPS 20 STORIES TO HIS DEATH

New York, July 3.—Arthur S. Raymond, a mining engineer from Joplin, Mo., leaped to his death from the roof of the 20 story Commodore hotel here early today. No reason for his act is known. He carried a life membership card in the Elks.

GERMAN ASSEMBLY TO CONSIDER THE TREATY SATURDAY

Copenhagen, July 3.—A bill providing for the ratification of the peace treaty will be introduced in the German national assembly on Saturday and is virtually sure of adoption, according to the Weimar correspondent of the Politiken today.

MINISTER PICHON HEADS THE NEW "BIG FOUR."

The new Council of Four, consisting of Stephen Pichon, French Foreign Minister; Robert Lansing, American Secretary of State; Arthur J. Balfour, British Foreign Secretary, and Tommaso Tittoni, Italian Foreign Minister, are at present at work completing the Austrian peace terms. M. Pichon will be chairman of the council. It is probable that the new council will outline the method of procedure of the Peace Conference, which is likely to undergo many changes.

DR. ANNA SHAW IS A VICTIM OF PNEUMONIA

Philadelphia, Pa., July 3.—Dr. Anna Howard Shaw, honorary president of the National American Woman's Suffrage association died at her home in Moylan, Pa., near here, yesterday. She was 71 years old. Dr. Shaw also was chairman of the woman's committee of the council of national defense and recently was awarded the distinguished service medal for her work during the war.

Dr. Shaw was taken ill in Springfield, Ill., about a month ago while on a lecture tour with former President Taft and President Lovell of Harvard university in the interest of the League of Nations. Pneumonia developed and for two weeks she was confined to her room in a Springfield hospital. She returned to her home about the middle of June and apparently had entirely recovered.

Last Saturday she drove to Philadelphia in her automobile and upon her return said she was feeling "fine." She was taken ill again yesterday with a recurrence of the disease and grew rapidly worse until the end.

Her secretary, Miss Lucy E. Anthony, a niece of Susan B. Anthony, who has been with Dr. Shaw for 30 years, and two nieces the Meses Lulu and Grace Greene, were at her bedside when she died.

Dr. Shaw long had been prominent in the woman's suffrage movement and was president of the National American Woman Suffrage association consecutively for 11 years. In 1915 she declined a renomination and was then elected honorary president. She had spoken in every state in the Union, before many state legislatures and committees of both houses of congress in the interest of suffrage. She was a member of the International Woman Suffrage Alliance, International Council of Women, League to Enforce Peace, and National Society for Broader Education.

Dr. Shaw was born in New Castle-on-Tyne, England, and was brought to America by her parents when 4 years of age.

In her girlhood she lived with her parents' immigrant family in a Michigan wilderness 40 miles from a post office and 100 miles from a railroad, starting her career as a school teacher, who walked eight miles a day and received \$4 a week. Her home was a poverty-stricken log cabin built by her father, who was compelled to leave his wife and children at the mercy of Indians and wild animals while he earned a living for them.

From her Michigan home, Dr. Shaw went to live with one of her married sisters in a northern town. After studying at Albion college, from 1872 to 1875, she was graduated from the Boston School of Theology in 1878, paving her way through school and college by preaching and lecturing. She suffered extreme poverty during this period, living in an attic in Boston.

On account of her sex she was refused ordination by the New England conference and by the general confer-

ence of the Methodist Episcopal church; but in the same year had the honor of being the first woman ordained by the Methodist Protestant church. In her struggles to become a minister, she fought against ridicule, dissension and lack of the barest necessities.

After seven years' service as preacher to a small flock at East Dennis, Mass., Dr. Shaw resigned from the pulpit to take up the fight for temperance, for suffrage and for social purity.

The year 1912 was the banner year for Dr. Shaw and the suffrage cause, when Arizona, Kansas and Oregon received full suffrage.

TEXT OF PACT IS ANNOUNCED BY THE FRENCH

Paris, July 3.—The text of the defensive pact between France, the United States and Great Britain was given out at the French foreign office last night, despite Secretary of State Lansing's statement an hour earlier that it could not be communicated to the public until it had been submitted to the United States senate.

The French press enthusiastically welcome the official confirmation of the existence of the pact and expressed hope that the president will induce the senate to ratify it.

The Echo De Paris regrets that Great Britain does not unqualifiedly propose military aid to France.

STREET CAR MEN EXPECT A REPLY

Cleveland, O., July 3.—Street car men were today expecting a definite reply from the Cleveland Street Railway company on their demands for a 12 cent an hour wage boost. They believed that the action of city council in sanctioning an adequate and fair wage would result in their demands being granted. However, it was considered likely that the company would offer a compromise proposition.

According to Fred F. Telschow, president of the street car workers, the motormen and conductors are united in their stand for a 12 cent increase and will back up their demands by a strike if necessary. The men will meet tonight to receive the company's reply.

Council refused to grant a request from the company for a one percent increase in the dividend rate—from six to seven cents.

EAT YEAST, STOP H. C. L.

Boston, Mass., July 3.—Do you want to reduce the high cost of living?

Eat dry yeast then, suggests the Boston Medical and Surgical Journal. "Dried yeast," says the paper, "has at least three times the caloric value of beef of moderate fat content."

"It is readily digested and utilized by the animal organism. After experiment upon 32 white rats, the yeast diet made the rats fatter than any other diet."

PREPARATIONS BEING MADE IN AMERICA TO RECEIVE DIRIGIBLE

New York, July 3.—The Marconi wireless company today sent out a general order to all ship operators to cease radio traffic work when they hear "DMD" cracking out over the Atlantic. "DMD" is the signal of the R-34. Before night-fall, the British dirigible is expected to be in touch with several Atlantic coast stations.

Mineola, L. I., July 3.—Wireless operators were at their posts at Roosevelt field, Mitchell field and at Hazlehurst field today, awaiting some word from the British dirigible R-34. Thus far no message has been received from the dirigible.

Six hundred army men and 150 navy aviation men went on duty here today, prepared to handle the guy ropes and fasten the ship to the big concrete anchors when she arrives. All leaves of officers and men have been stopped until the R-34 starts back to Europe.

Two thousand military policemen will be on duty to handle the crowds.

London, July 3.—The British airship R-34 had accomplished about 1,250 miles of her 2,965 mile (nautical) journey to Mineola, L. I., from East Fortune in Scotland at 6:55 o'clock this morning, Greenwich time.

A wireless flash from Major Scott, the dirigible's commander, reported that at that hour the R-34 had reached 52.30 north latitude, 30 west longitude, a little more than half the distance from East Fortune to St. Johns, New Foundland.

The big air liner is speeding westward at an average rate of less than 35 knots. Unless she increases her speed as she approaches the banks of New Foundland, it does not appear likely that she will reach Mineola before early Saturday morning.

At her present rate of speed the R-34 should arrive off New New Foundland before noon tomorrow. It is believed this was the information Major Scott sought to convey in a message last night, predicting that the dirigible would arrive Friday morning.

The airship made excellent progress across the star lit sky last night. A fog bank had caused her to turn southward from her course yesterday and late in the afternoon she apparently encountered head winds that reduced her speed to about 30 knots. But the wireless flashes from Major Scott's gondola make it evident that the wind was no serious hindrance to her westward flight. The R-34 held a steady course at an elevation of only 2,000 feet and apparently made no attempt to climb higher to shake off the resisting elements.

EX-PUPILS OF O. S. & S. O. HOME GIVE LESTER ARNOLD A GREAT OVATION

A wonderful ovation was tendered Lester Arnold, aged Xenian, when he was introduced to the Ex-Pupils attending the reunion banquet at the Soldiers' and Sailors' Orphans' Home last night as the man who, fifty years ago gave the first \$1,000 which made the institution possible.

Mr. Arnold was the guest of honor of the Association of Ex-Pupils, and had a place at the toastmaster's table. When Attorney George B. Harris, of Cleveland, the toastmaster introduced Mr. Arnold to the gathering, the company rose and three cheers were given in honor of the man who morally and financially did so much to bridge the difficulties which the Grand Army met in its efforts to establish the institution. He is the only one living of the trio of men who each tendered \$1,000 for the Home at a meeting which was held in the Xenia city hall in June 1869. James McMillen and Alfred Trader, who also gave \$1,000 each for that purpose passed to their reward many years ago. Mr. Arnold is in the ninety-first year of his age, but in excellent health. He greatly enjoyed the occasion, and was very much touched by the honor paid him.

E. Howard Gilkey, of Columbus, one the first children received at the Home, who is credited with having made the speech at a public meeting in the Xenia City hall in the latter part of 1869, which so touched a legislative committee that it went back to Columbus and recommended that the State take over the Home, was one of the interesting after dinner speakers. His subject was "Early Home Days."

Mrs. Mary Carson McCain of Indianapolis, another of the early Home pupils was unable to be present and her place on the program was taken by Mrs. Amy Triest Long of Dayton, who gave reminiscences. Other speakers were, Major William Campbell, military instructor at the Home who talked on "Army Camps." Rev. George S. Macaulay, who spoke on the Y. M. C. A. Abroad. Lieutenant George Radway, of Ashland, who talked on the subject "Over There," which had been originally assigned to Sergeant Law-

rence Eyler, who was not present. Mrs. Jessie McArthur Schaffer, who closed the program with a talk on Red Cross Home Service.

Over 400 covers were laid for the banquet, which was one of the most enjoyable in the history of the A. X. P. The children's dining room, in which the banquet was served, was decorated with flags and flowers, and cut flowers decked the tables. President C. A. Stulz, of the Ex-Pupils Association said this morning that he is particularly grateful to Miss Rosalie Bauerle and Miss Jennie B. Nesbitt for the success of the banquet. The following menu was served:

Queen olives, salted nuts, sweet pickles, roast chicken, hot biscuits, cream sauce, new potatoes, creamed peas, cold sliced ham, pineapple and cheese salad, wafers, brick ice cream, cake coffee.

At the close of the program, the company rose and sang "Keep the Home Fires Burning."

The goal of \$20,000 was set this morning by the memorial committee of the A. X. P. for the ex-pupils memorial building to be erected on the Home grounds.

"We will be over the top today with the first \$5,000 and then we will be ready to ask the architect to submit plans and figures," said retiring President Stulz today.

No definite plans for the building will be made before the next reunion, and by that time it is expected that the cost of building materials will be more stable.

The building will not cost less than \$20,000 and it may go higher. Because ex-pupils of the Home are scattered all over the universe, it will take a long time to reach them; but with the first \$5,000 obtained it is thought that the rest will come comparatively easy. Several sites for the building have been suggested. One is in the field midway between the chapel and schools. Another just off the main driveway into the grounds.

The executive committee of the A. X. P. held a meeting this morning, and took action thanking Superintendent and Mrs. Elton for the courtesy extended them and all employees for the help given toward the reunion.

PRESIDENT WILSON AND PARTY IN BELGIUM.

President Wilson visits Zebrugghe.

President Wilson and party inspecting the famous mole at Zebrugghe during his recent visit to Belgium. British officers who took part in the German U-boat base at Zebrugghe pointed out the national assembly on Saturday places of interest to President Wilson and his party. King Albert of Belgium and Mrs. Wilson can be seen immediately behind the President.

Resinol

OVERCOMES SKIN TROUBLES

Although that unsightly skin eruption is conspicuous, it may be overcome with Resinol Ointment. Decide at once to give the healing medication of this ointment a chance to correct your trouble. Best and speedier results are obtained by the joint use of Resinol Soap and Resinol Ointment. This soap contains in a modified form the same soothing medication as is embodied in the ointment. The combined use of the ointment and soap seldom fails to relieve other annoying skin disorders on the body and limbs. All druggists sell this soap and ointment.

La-may Face Powder

Stays on Better Than Any Other.

Now you can use a pure face powder cause it stays on so well. This La-may powder (French, Poudre L'Arme) is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember, La-may is guaranteed absolutely pure. Five thousand dollars' reward is offered any chemist who finds it contains any white lead or rice powder. Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La-may and see how splendidly it beautifies your complexion, you will understand why it so quickly became the most popular beauty-powder sold in New York. Save this notice.

NOTHING EQUAL TO NERV-WORTH IN HOT WEATHER

It Gives Restful Sleep, Aids Digestion, Steadies the Nerves, Builds Up Strength.

A tonic that does this when mid-summer heat lays its heavy burdens upon humanity is worth ten times its cost. That Nerv-Worth lifts these burdens is proven by a mass of signed statements still on file.

If the reader is skeptical he can verify Nerv-Worth claims without running a cent of risk. The Nerv-Worth dealer will refund his dollar if the benefits promised do not follow a trial according to directions. This offer goes in every single Nerv-Worth advertisement. Could anything more fully prove the faith in Nerv-Worth which its makers possess?

Nerv-Worth is a family tonic which does good and good only. Composed of vegetable ingredients it confers rich benefits upon the system and leaves not a trace of harm behind. It is truly a family tonic, blessing equally the nervous child, the worn-out veteran and men and women of all ages.

Sayre & Hemphill sell Nerv-Worth in Xenia; W. P. Harper at Jamestown.

HOW MANY WOMEN DO YOU KNOW

Who can say they are perfectly well? "I am tired all the time" "I am so nervous it seems as though I should fly" "I can hardly drag around today" and all such expressions are characteristic of women who have overtaxed their strength until headaches, backache, nervousness, dragging-down pains, irregularities and the blues, symptoms of a female weakness, have developed. Women who are in this condition may rely upon Lydia E. Pinkham's Vegetable Compound to restore them to health and strength.

Once-a-Week Polish Keeps Teeth Stainless

Why do so many use pumice stone, ashes, charcoal, or other harsh, dangerous substances to remove the unsightly yellowish or blackish tinge from the teeth? Simply because they have never been able to find any tooth powder, paste or liquid that would do the work. The reason tooth stains are so difficult to remove is that they are covered with a slimy film, or "plaque" which the usual dentifrices cannot penetrate or dissolve.

The problem of removing these obstinate films has finally been solved by a well-known dentist, who has originated what he calls "Once-a-Week Tooth Polish." This polish not only removes all discoloration easily and quickly, but without the least injury to enamel or gums—qualities not found in any other preparation in the market. Once-a-Week Tooth Polish, obtainable at any druggist's is not intended as a substitute for dentifrices, but to be used in addition to them—once a week as the name implies. It should be used by children as well as adults, as a preventive of decay, tartar, stains, germs.

To Keep My Skin Soft, Clear and Pliable I Use Howard's Buttermilk Cream

You too will be surprised and delighted with it's use for while it turns the dulllest and most lifeless complexion to a radiant beauty, it does not show the slightest sign of it's use. It actually vanishes from sight and the most heated atmosphere will not produce the slightest thinness or greasiness of skin. Howard's Buttermilk Cream is guaranteed to satisfy you in every way or the purchase price will be refunded. Sayre & Hemphill or any good druggist can supply you.

NEWSPAPER FORCE WILL ENJOY FOURTH

There will be no issues of the Gazette and the Republican Friday. Even a newspaper man takes a rest now and then, and dodging away from the click of typewriters and linotypes and the pounding of the presses, lets the paper go hang. There are two holidays on the newspaper man's calendar—Christmas and the Fourth of July. Friday being the Fourth readers will not find the paper on their doorsteps.

EAST END NEWS

The Junior choir of St. John's A. M. E. church will meet tonight at the church at eight o'clock. Every member is urged to be present.

Miss Margaret Watkins left this morning for Chicago for a month's visit with relatives and friends.

Mr. Oliver Gaines, who passed away at the McClellan Hospital Wednesday morning after suffering several months from a complication of diseases, was perfectly resigned to his death. He bore his illness with patience and told his mother and sisters that all was well with him and at any time he was ready and willing to go. He was married to Miss Beatrice Gaines, of Cincinnati, 14 years ago, who still survives. Besides his mother and sisters he also leaves the following niece and nephews, Margaret Cosby, Gaines Cosby and baby Melvin Corbin. The funeral will be held Saturday morning at 10 o'clock from his late residence on East Market street.

MANY PLANNING TO ATTEND ELKS DANCE

Many young people are planning to attend the dance, which will be first of a series of Summer dances to be given by the Elks at Kilkare Park Thursday evening.

The committee has made elaborate arrangements to make this a decidedly happy affair and start off the series of dances to be given by the club, auspiciously. Mullen's orchestra will furnish the music. The committee consists of Jacob Kany, Lester Johns and S. G. Phillips.

THEATERS

BIJOU

William S. Hart is surrounded with an excellent cast in the Artcraft Production "The Money Chaser," which will appear at the Bijou Theater both matinee and night of the Fourth.

Supporting Bill are Jane Novak, pretty little screen star, Herschel Mayall, Winter Hall, Rhea Mitchell and Patricia Palmer. Quite a likely cast and one that will add to the interest that naturally attaches to a William S. Hart picture.

A Bill Hart picture makes just the right sort of a program for Fourth of July and in this picture Bill has attained some of the best work he has ever done.

AMERICAN MEN AND WOMEN IN FIGHTING TRIM

They Keep To The Top Notch of Health

The spirit of the times demands perfect health and nerves, and keeping them up to the highest degree of efficiency.

Wise men and women have learned that it does not pay to allow health or nerves to run down and are quick to take advantage of Nature's greatest red blood and nerve tonic, Phosphated Iron, the minute they feel they are slowing up.

Whatever your work may be there is no reason why it should continue to run down; work should only use the right amount of your energy. It is trying to work on your nerves and forcing yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when you get up in the morning as tired as when you went to bed.

There is no sense in anyone being a victim of ill health, poor blood, overwork, nerves or the blues when Phosphated Iron will afford such prompt and permanent relief.

All over the country men and women in every walk of life lay their good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder and it will also put you on your feet, make you feel like a live one. It produces results that last, that's what counts, no "fix" about it.

To insure physicians and their patients getting the genuine Phosphated Iron we have put their names on the bottle. Do not take pills or tablets. Insist on capsules. Sohns' drug store and druggists everywhere.

MRS. ELIZA WITHAM DIES ON THURSDAY

Mrs. Eliza Frances Witham, widow of William N. Witham, died at her home, 403 East Second street at 1:30 Tuesday afternoon. She had been in ill health for some time, but her condition was critical during the last three weeks.

Mrs. Witham was born in Waynesville, and would have been 69 years of age next December 18. She had been a resident of Xenia for 30 years. Surviving her are the following children: Mrs. Clara Pohl, Mrs. William Dice and Mrs. O. W. Dice, Mrs. Harry Johnson of Xenia, and Grant Witham of Middletown. Mrs. Witham reared her niece Mrs. Harlan Fudge and granddaughter, Miss Veda Witham, the latter making her home with her all her life.

Mrs. Witham was a member of the First Baptist church. Private funeral services will be held at the home Friday at 10 o'clock. Friends may call any time this evening.

CENTENARY CELEBRATION COLUMBUS

(OHIO)

Described by William C. Freeman, Associated with Paul Block, Inc., New York, Chicago, Detroit, Boston.

I have never been "upstairs" in a flying machine.

It must be a wonderful sensation to sail along through the air between Heaven and earth.

Bird-men fly over the State Fair Grounds at Columbus, where the CENTENARY CELEBRATION is taking place.

I don't know whether they purposely plan their air-sailing routes to take in the great panorama at the State Fair Grounds, but I notice when they fly over this inspiring scene they turn about again and again, seemingly greatly attracted and impressed.

What man has done in producing the flying machine, the submarine, wireless telegraphy, the telephone, the automobile, the tractor and the many other wonderful, useful and progressive things of the world—has been fairly matched by the composite genius of many minds in producing the CENTENARY CELEBRATION COLUMBUS.

So many unusual, instructive, appealing and delightful things have been assembled in this CENTENARY CELEBRATION COLUMBUS that you will marvel at them just as we have all marveled at the genius of man in uniting God's power with his, for the betterment of the world, as has been done in hundreds of ways.

But the greatest of all benefits that comes of uniting God's power with man's IS THAT WHICH LIFTS MEN AND WOMEN TO THE PLANE OF APPRECIATION OF LIFE, its duties and its beauties.

To see former cannibals and head hunters live like civilized beings gives one confidence in humanity.

Ohio people should be very proud of their great Coliseum at the State Fair Grounds, Columbus—a building that seats 7,500 people and has such splendid acoustic qualities that the voice carries perfectly to all parts of it and is heard distinctly.

To divert just a moment:

Ohio people should also be very proud of the great Oval Amphitheater at the State Fair Grounds where more than 50,000 people can be seated comfortably.

I don't know how many other places there are in America where 50,000 people can be seated to see part of a Great Exposition, but there are not many, that's certain, so the State of Ohio may be counted as a Great Leader in producing at its Capital such splendid facilities for the entertainment of her people.

No wonder the managers of the CENTENARY CELEBRATION SELECTED COLUMBUS as the place to display its marvelous exhibits.

Now let me return to the Pageant. Directly in front of the stage stands one of the greatest pipe organs of the world, purchased for this CENTENARY CELEBRATION COLUMBUS.

YOU MUST HEAR IT. You must see the master organist whose touch with hands and feet brings to your ears wonderful music—sound—harmonious and inspiring—from all nooks and corners of the great Coliseum.

Surrounding the organ is the Cincinnati Symphony Orchestra of 75 pieces.

Have you ever heard this wonderful Orchestra?

If not, do so by all means. You can listen to it for hours and get joy and thrills out of every minute.

Topping off all this—a great chorus of colored folks, on one side of the Coliseum and a great chorus of white folks, on the other side, totaling 3000, join in a wave of song that will lift you to your feet when you hear it.

OH, THIS PAGEANT IS REALLY WONDERFUL!

And this, mind you—as big and as inspiring as it is—is only a part of this Great Exposition.

Don't you want to see it? Don't you want to hear the grand, inspiring music?

You can see it for 5c. cents—and for another 5c. cents, the entrance fee, you can see all day long, all of the other parts of this CENTENARY CELEBRATION COLUMBUS—each one splendidly impressive.

La-may Face Powder

Stays on Better Than Any Other.

Now you can use a pure face powder because it stays on so well this La-may powder (French, Poudre L'Amie) is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember, La-may is guaranteed absolutely pure. Five thousand dollar reward is offered any chemist who finds it contains any white lead or rice powder. Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La-may and see how splendidly it beautifies your complexion, you will understand why it so quickly became the most popular beauty-powder sold in New York. NOTHING EQUAL TO NERV-WORTH IN HOT WEATHER

It Gives Restful Sleep, Aids Digestion, Steadies the Nerves Builds Up Strength.

A tonic that does this when mid-summer heat lays its heavy burdens upon humanity is worth ten times its cost. That Nerv-Worth lifts these burdens is proven by a mass of signed statements still on file.

If the reader is skeptical he can verify Nerv-Worth claims without running a cent of risk. The Nerv-Worth dealer will refund his dollar if the benefits promised do not follow a trial according to directions. This offer goes in every single Nerv-Worth advertisement. Could anything more fully prove the faith in Nerv-Worth which its makers possess?

Nerv-Worth is a family tonic which does good and good only. Composed of vegetable ingredients it confers rich benefits upon the system and leaves not a trace of harm behind. It is truly a family tonic, blessing equally the nervous child, the worn-out veteran and men and women of all ages.

Sayre & Hemphill sell Nerv-Worth in Xenia; W. P. Harper at Jamestown.

HOW MANY WOMEN DO YOU KNOW

Who can say they are perfectly well? "I am tired all the time" "I am so nervous it seems as though I should fly," "I can hardly drag around today," and all such expressions are characteristic of women who have overtaxed their strength until headaches, backache, nervousness, dragging-down pains, irregularities and the blues, symptoms of a female weakness, have developed. Women who are in this condition may rely upon Lydia E. Pinkham's Vegetable Compound to restore them to health and strength.

Once-a-Week Polish Keeps Teeth Stainless

Why do so many use pumice stone, ashes, charcoal, or other harsh, dangerous substances, to remove the unsightly yellowish or blackish tinge from the teeth? Simply because they have never been able to find any tooth powder, paste or liquid that would do the work. The reason tooth stains are so difficult to remove is that they are covered with a slimy film, or "plaque," which the usual dentifrices cannot penetrate or dissolve.

The problem of removing these obstinate films has finally been solved by a well-known dentist, who has originated what he calls "Once-a-Week Tooth Polish." This polish not only removes all discoloration easily and quickly, but without the least injury to enamel or gums—qualities not found in any other preparation in the market. Once-a-Week Tooth Polish, obtainable at any druggist's is not intended as a substitute for dentifrices, but to be used in addition to them—once a week as the name implies. It should be used by children as well as adults, as a preventive of decay, tartar, stains, germs.

To Keep My Skin Soft, Clear and Pliable I Use Howard's Buttermilk Cream

You too will be surprised and delighted with its use for while it turns the dull and most lifeless complexion to radiant beauty, it does not show the slightest sign of its use. It actually vanishes from sight and the most heated atmosphere will not produce the slightest shininess or greasiness of skin. Howard's Buttermilk Cream is guaranteed to satisfy you in every way or the purchase price will be refunded. Sayre & Hemphill or any good druggist can supply you.

NEWSPAPER FORCE WILL ENJOY FOURTH

There will be no issues of the Gazette and the Republican Friday. Even a newspaper man takes a rest now and then, and dodging away from the click of typewriters and linotypes and the pounding of the presses, lets the paper go hang. There are two holidays on the newspaper man's calendar—Christmas and the Fourth of July. Friday being the Fourth readers will not find the paper on their doorsteps.

EAST END NEWS

The Junior choir of St. John's A. M. E. church will meet tonight at the church at eight o'clock. Every member is urged to be present.

Miss Margaret Watkins left this morning for Chicago for a month's visit with relatives and friends.

Mr. Oliver Gaines, who passed away at the McClellan Hospital Wednesday morning after suffering several months from a complication of diseases, was perfectly resigned to his death. He bore his illness with patience and told his mother and sisters that all was well with him and at any time he was ready and willing to go. He was married to Miss Beatrice Gaines, of Cincinnati, 14 years ago, who still survives. Besides his mother and sisters he also leaves the following niece and nephews, Margaret Cosby, Gaines Cosby and baby Melvin Corbin. The funeral will be held Saturday morning at 10 o'clock from his late residence on East Market street.

MANY PLANNING TO ATTEND ELKS DANCE

Many young people are planning to attend the dance, which will be first of a series of Summer dances to be given by the Elks at Kilkare Park Thursday evening.

The committee has made elaborate arrangements to make this a decidedly happy affair and start off the series of dances to be given by the club, auspiciously. Mullen's orchestra will furnish the music. The committee consists of Jacob Kany, Lester Johns and S. G. Phillips.

THEATERS

BIJOU

William S. Hart is surrounded with an excellent cast in the Artcraft Production "The Money Corral," which will appear at the Bijou Theatre both matinee and night of the Fourth.

Supporting Bill are Jane Novak, pretty little screen star, Herschel Mayall, Winter Hall, Rhea Mitchell and Patricia Palmer. Quite a likely cast and one that will add to the interest that naturally attaches to a William S. Hart picture.

A Bill Hart picture makes just the right sort of a program for Fourth of July and in this picture Bill has attained some of the best work he has ever done.

AMERICAN MEN AND WOMEN IN FIGHTING TRIM

They Keep To The Top Notch of Health

The spirit of the times demands perfect health and nerves, and keeping them up to the highest degree of efficiency.

Wise men and women have learned that it does not pay to allow health or nerves to run down and are quick to take advantage of Nature's greatest red blood and nerve tonic, Phosphated Iron, the minute they feel they are slowing up.

Whatever your work may be there is no reason why it should continue to tire you; work should only use the right amount of your energy. It is trying to work on your nerves and forcing yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when you get up in the morning as tired as when you went to bed.

There is no sense in anyone being a victim of ill health, poor blood, over work, nerves or the blues when Phosphated Iron will afford such prompt and permanent relief.

All over the country men and women in every walk of life lay their good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder and it will also put you on your feet, make you feel like a live one. It produces results that last, that's what counts, no "ifs" about it.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not take pills or tablets. Insist on capsules. Sohn's drug store and druggists everywhere.

CENTENARY CELEBRATION COLUMBUS

(OHIO)

Described by William C. Freeman, Associated with Paul Block, Inc., New York, Chicago, Detroit, Boston.

I have never been "upstairs" in a flying machine.

It must be a wonderful sensation to sail along through the air between Heaven and earth.

Bird-men fly over the State Fair Grounds at Columbus, where the CENTENARY CELEBRATION is taking place.

I don't know whether they purposely plan their air-sailing routes to take in the great panorama at the State Fair Grounds, but I notice when they fly over this inspiring scene they turn about again and again, seemingly greatly attracted and impressed.

What man has done in producing the flying machine, the submarine, wireless telegraphy, the telephone, the automobile, the tractor and the many other wonderful, useful and progressive things of the world—has been fairly matched by the composite genius of many minds in producing the CENTENARY CELEBRATION COLUMBUS.

So many unusual, instructive, appealing and delightful things have been assembled in this CENTENARY CELEBRATION COLUMBUS that you will marvel at them just as we have all marveled at the genius of man in uniting God's power with his, for the betterment of the world, as has been done in hundreds of ways.

But the greatest of all benefits that comes of uniting God's power with man's IS THAT WHICH LIFTS MEN AND WOMEN TO THE PLANE OF APPRECIATION OF LIFE, its duties and its securities.

To see former cannibals and head hunters live like civilized beings gives one confidence in humanity.

Ohio people should be very proud of their great Coliseum at the State Fair Grounds—Columbus—a building that seats 7,500 people and has such splendid acoustic qualities that the voice carries perfectly to all parts of it and is heard distinctly.

To divert just a moment:

Ohio people should also be very proud of the great Oval Amphitheater at the State Fair Grounds where more than 50,000 people can be seated comfortably.

I don't know how many other places there are in America where 50,000 people can be seated to see part of a Great Exposition, but there are not many that's certain, so the State of Ohio may be counted as a Great Leader in producing at its Capital such splendid facilities for the entertainment of her people.

No wonder the managers of the CENTENARY CELEBRATION selected COLUMBUS as the place to display its marvelous exhibits.

Now let me return to the Pageant. Directly in front of the stage stands one of the greatest pipe organs of the world, purchased for this CENTENARY CELEBRATION COLUMBUS.

YOU MUST HEAR IT. You must see the master organist whose touch with hands and feet brings to your ears wonderful music—sound—harmonious and inspiring—from all nooks and corners of the great Coliseum.

Surrounding the organ is the Cincinnati Symphony Orchestra of 75 pieces.

Have you ever heard this wonderful Orchestra?

If not, do so by all means. You can listen to it for hours and get joy and thrills out of every minute.

Topping off all this—a great chorus of colored folks, on one side of the Coliseum and a group chorus of white folks, on the other side, totaling 3000, join in a wave of song that will lift you to your feet when you hear it.

OH, THIS PAGEANT IS REALLY WONDERFUL!

And this, mind you—as big and as inspiring as it is—is only a part of this Great Exposition.

Don't you want to see it? Don't you want to hear the grand, inspiring music?

You can see it for 5c. cents—and for another 5c. cents, the entrance fee, you can see all day long, all of the other parts of this CENTENARY CELEBRATION COLUMBUS—each one splendidly impressive.

WANT BEER WITH MORE DEVIL IN IT.

What a sorry time the brewers, saloonists and beer guzzlers are having in their efforts to overcome prohibition. They have high paid lawyers hired to devise some way to get around it, and we are not certain but that they have gone so far as to suborn judges in their favor.

The law is that beer containing more than half of one per cent of alcohol is intoxicating. This doesn't suit them. This doesn't put enough devil in the man who drinks—doesn't fire him up to go home and whip his wife and children. So they must have it stronger, and a Baltimore Judge has decided that beer with 2 1/2 per cent of alcohol is not intoxicating—that the man could still walk a crack in the floor and be only funny drunk. To this 2 3/4 alcohol beer then they have tied their hopes, and saloonists in many cities are dispensing it, running the risk of subsequent arrest.

We saw a statement the other day showing that liquor drinking was a bane of society in this country as far back as the colonial days, two hundred years ago. Think of the money that has been worse than thrown away in these two centuries in this country alone.

And we read that it is worse in England than it ever was here. Leading members of parliament are big brewers, and hence no headway for temperance can be made because of their influence against. And during the war drinking largely interfered with all military operations.

But, thank God, John Barleycorn is on his last legs in this country. When we get national prohibition, after January 1st next, it will take only a short time for the country to realize what a set of fools we have been so long to carry this shameful tax burden for the sole benefit of the liquor interests.

The bar-room is like a dishonest bank. You deposit your money—and lose it; your time—and lose it; your character—and lose it; your manly independence—and lose it; your home comfort—and lose it; your self-control—and lose it; your children's happiness—and lose it; your own soul—and lose it.

SANDRA THE JEALOUS

BY JANE PHELPS.

EVERETT SURPRISES SANDRA
WITH A LETTER.

CHAPTER IV.
The world seemed very uninteresting after Everett left. I felt almost as if I were all alone, although all the town boys and girls were around as usual. But somehow Everett had a way of making you know HE was THERE. I don't know how else to express it. But Rose and some of the others made no secret of their joy that he had gone.

"So 'grandpa' has finally taken himself out of the way, has he?" Rose asked. "Now perhaps we can have some fun."

I never said much when they teased me, and called Everett "Grandpa," but it made me uncomfortable, and I always flushed terribly. When Everett's first letter came, about three days after he left, I was so pleased that I didn't mind their teasing me one single bit.

He had said nothing about writing to me, so I was awfully surprised. It was just a short letter, such a one as any friend might have written me. There wasn't a word about caring for me in it. But just at the last he said:

"I have missed my little friend more than I ever thought it possible to miss anyone." It was silly, but I kissed the paper right on those lines. Then I carried it in the bosom of my dress for days—just like the girls in the novels did. But finally I put it away in the bureau drawer under my shirtwaists. The boys never disturbed them, and the letter was getting worn out.

It took me one whole afternoon to answer that letter. I must have wasted nearly a box of paper before it suited me. Then it didn't—not perfectly.

I wrote about everyday things, the people he knew, etc., just as he did, until I came to the very end of my

letter. Then I told him that I had missed him too more than I ever had missed anyone before. I wasn't very original, but I had spoiled so many sheets of paper I didn't dare use any more. As it was I had to burn up all the spoiled sheets and the envelopes to match for fear the boys would find them. It would have been terrible if they had. I never should have heard the last of it.

It is strange how things long past come back to us. I recall distinctly that whenever Everett came to call in that short first week I knew him, that I was always a bit frightened to go down to meet him—he always asked for me—for fear I did not look nice enough. Even then I had heard him express an opinion upon the way some of the girls in our town were dressed at the tennis party, and it made me uncomfortable. I wore simple wash dresses at home, but they were always fresh laundered, and until he commenced coming to the house, I never had thought of wearing anything different. Even now I know there could not have been anything very wrong about my gingham for morning and dainty muslins for afternoon. Anyway, Everett said I looked lovely in them; and that mother was sensible to keep me looking so young.

I don't know that I was very different from other girls of my age, brought up as I had been, and if I confess that I FELT in some way different, set apart from the rest of the town girls after I received Everett's letter, I think most people will understand.

I attached a sentimental value to the few lines he had written, that I never should have dreamed of putting upon the notes I had received occasionally from the town boys. This charming man from a great city where there were so many lovely girls, had singled me, Sandra Courtney, out for his especial attention.

It was a long time before he answered my letter. Nearly six weeks. But as he sent me some books and candy in the interim I did not feel that he had forgotten me, although I looked anxiously each day for a reply; and once or twice I looked myself in my room and shed a few tears when father said there was "no mail."

Then came the morning when I received Everett's second letter. I had walked down with father, and went with him to the post office. I read it as I walked slowly home under the blossoming trees: the scent of early flowers in the air. He sort of apologized for not replying sooner, asked me to forgive him, and said he would be more prompt in the future if I would. He also said he would be in Lakeville again before fall, and signed himself: "Your fond friend, Everett Graham."

Tomorrow—Everett Proposes.

Does your House laugh at Rain?

A house poorly painted is at the mercy of the weather. The gales of Spring and Fall drive the beating rain into bare or flaked surfaces, soaking the wood and leading to unsightly warp and decay.

The house that can laugh at rain, at snow, wind, frost, or broiling sun is the one protected by good paint. Give your house a few coats of

QUOIT CONTEST XENIA VS. JAMESTOWN

The Xenia and Jamestown Quoit Clubs met in a contest Tuesday evening at Jamestown for the first time this season, and the result was a decisive victory for Jamestown as they won 7 out of 12 games and the result in points was, Jamestown 215 and Xenia 174.

Every Jamestown player defeated his opponent except Leveck, who was defeated by Ary 35 to 16.

The other results were as follows: Badgley 25, McConnell 19, Sodders 27, Watkins 26, Devoe 26, M. A. Smith 23, Heironomous 27, Bailey 23, Ross Swaney 31, Jones 20, Merritt 35, J. R. Smith 12, Roy Swaney 28, Jeffries 16.

PRICES CHEAP AT AVIATION FIELD

Workers living at Wilbur Wright field have the edge on the rest of us these days, as they do not have to pay for electric lights, rent or furniture. Their ice costs only 30 cents per hundred pounds and food is bought at cost. There are about 400 of these lucky people.

FRECKLE-FACE

Sun and Wind Brings Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee or money back if it fails to remove freckles. adv

Peerless Armco Iron Furnaces

IT WAS A DELUSION

When the dealer told you that a cheap cast iron, pieced jointed furnace would outlast a boiler iron furnace.

The home owners do not hesitate to pay more when they see a sensible investment, that eliminates annoyance and constant expense.

Peerless Armco Iron Furnaces

Are a common sense investment—no costly fire pots to replace—no leaky joints to be reupitted by the furnace man—no grimy, sooty wall paper and draperies to clean. Think! Wouldn't you spend a few dollars more for a good furnace, while buying—than spend it for repairs—new wall paper and draperies? Of course you would.

CENTENARY CELEBRATION COLUMBUS

Described by William C. Freeman,
Associated with Paul Block, Inc.,
New York, Chicago, Detroit, Boston.

Tomorrow—July 4th, 1919,—
INDEPENDENCE DAY—
brings to all of us a greater
appreciation of the liberties
and privileges we enjoy in
this land of Bounty, Happi-
ness and Intelligence.

Not since 1776 have we ever
realized our duty to others
as we now realize it.
This duty to others is magni-
ficently emphasized at the
Centenary Celebration, Co-
lumbus.

The fruits of unselfish inter-
est in humanity—consisting
of over 16,000 individual ex-
hibits, representing 37 coun-
tries and including demon-
strations of Christian work
in the United States—are dis-
played very attractively and
interestingly in the several
buildings allotted to this pur-
pose.

(I had come thus far with this story
when a newsboy approached me
with an evening paper of date, Sat-
urday, June 28th, on which was dis-
played, in type three inches deep,
this significant line: "TREATY
SIGNED"—which made me stop
writing and join with thousands of
others in attendance at the Centen-
ary Celebration at the State Fair
Grounds, Columbus, in celebrating
this wonderful world event, which
means so much to all of the peoples
of the world. Groups of men and
women gathered in all parts of the
State Fair Grounds and rendered
thanks in song that peace had once
more been restored to the world—
and bands of music stationed them-
selves at different places and pealed
forth patriotic music. It was an
event long to be remembered by all
of us who were fortunate enough
to be able to participate in it.)

Reverting once more to the
exhibits shown in the several
buildings,—let me tell you
that you will miss the op-
portunity of your life if you
don't see them. They mark
the PROGRESS AND DEM-
OCRACY of the world.

There are human exhibits among
the number—natives that have
been civilized and christianized—
that have learned the power of the
mind when it is trained to be a
pilot in directing a human being
into safe channels, clean thoughts
and intelligent and profitable in-
dustry.

I think the significance of this
Fourth of July lies in the willing-
ness of the American people to
share with others what they enjoy
in such great abundance.

I wonder if you appreciate what
the American people have done thus
far to co-operate with the Metho-
dist Organization of America and to
encourage and to enlarge the splen-
did work being done by this great
organization in many countries
throughout the world.

Not only are the American people
sustaining magnificently the Metho-
dist organization but they are sus-
taining all of the other organiza-
tions, whose followers devote their
lives to serving human beings ev-
erywhere—lifting them up to splen-
did manhood and womanhood. At
this writing, generous Americans
have contributed over \$165,000.000
to the Methodist organization with
which to continue their wonderful
work in other countries.

Before the drive ends, they will
probably contribute all told \$200,-
000.000.

On top of this magnificent contribu-
tion, (this) of the hundreds of mil-
lions contributed to other organiza-
tions.

Surely this is a GREAT COUN-
TRY.

Does it not make you proud to be
an American and to have the abili-
ty and THE HEART to render as-
sistance to peoples of other coun-
tries who need it so badly?

Think of the unity of American
minds and hearts in wishing this
grand work to be done and to sup-
ply generously the funds with
which to do it.

The Centenary Celebration, Colum-
bus—for the first time—gives a
scientific demonstration of how the
funds contributed for mission work
are employed.

It gives a demonstration of the
close tie-up that exists between the
business man and the religious man
because the religious man has
proved his ability to administer the
affairs that affect the UP-BUILD-
ING OF HUMANITY as intelli-
gently and as carefully as the man
of business administers his affairs.
Now the business man sees that
there is a scientific appraisalment
of the needs of the world, he is
willing to assist in supplying those
needs.

So there is glory in celebrating In-
dependence Day, tomorrow, because
all peoples of the world have been
brought closer together than ever
before and there is a great desire
manifested everywhere to be of su-
preme service.

Visit the Centenary Celebration,
Columbus, and get in personal
touch with the many things dis-
played there that will elevate you
mentally and morally.

GOITRE

Removed for this Springfield, Ohio,
Girl by External Remedy.

Mrs. Frank Beard, 1610 Karr street,
Springfield, says in her own home pa-
per the Springfield Daily News: "Sor-
bol-Quaruple removed a goitre of five
years' standing for my daughter, five
years ago, and it has never bothered
her since. It enlarged her neck 1 1/2
inches and made her a nervous wreck.
We despaired for her life. It took less
than one bottle to restore her to good
health. I am glad to tell any one our
experience, even by letter." In small
bottles containing enough for most
cases. It will not stain or irritate the
skin. After the goitre is removed, the
parts are left in a healthy normal
condition. Requires ten minutes daily.

BILIOUSNESS Caused by Acid-Stomach

If people who are bilious are treated accord-
ing to local symptoms they seldom get very
much better. What is needed is a remedy that
usually temporary. Trace biliousness to its
source and remove the cause and the chances
are that the patient will remain strong and
healthy.

Doctors say that more than 70 non-organic
diseases can be traced to Acid-Stomach.
Biliousness is one of them. Indigestion, heart-
burn, belching, sour stomach, bloating and gas
are other signs of it. EATONIC, the
marvelous modern stomach remedy,
brings quick relief from these stomach mis-
eries which lead to a long train of ailments
that make life miserable if not corrected.
EATONIC literally absorbs and carries
away the excess acid. Makes the stomach
strong, cool and comfortable. Helps diges-
tion; improves the appetite and you then get
full strength from your food. Thousands say
that EATONIC is the most effective stomach
remedy in the world. It is the help YOU
need. Try it on our money-back-if-not-sat-
isfied guarantee. At all druggists. Only 50c
for a big box.

Why be Fat?

Become Slim This Season

Have you heard about the new sys-
tem for weight reduction?

You may eat and drink all you need.
There is no tedious exercising. Take
a little oil of korein at mealtimes and
when retiring; also follow the simple,
clear directions. A loss of weight, ten
to sixty pounds (whatever you need to
lose), may be expected by this safe and
pleasant system of fat reduction. At
the druggist's get a small box of oil
of korein capsules, and start at once.
Be of normal size, with good figure and
attractive appearance, agile, quick-
witted, healthier and more efficient. By
reducing weight now you are likely to
avoid one or more diseases, heart weak-
ness, sunstroke, apoplexy, etc., and to
add many years to your life. Remem-
ber—oil of korein. Become thin and
stay so. Show others this advertisement.

CAMP FIRE GIRLS HOLD A MEETING

The Camp Fire Girls of the Class of
1920, Central High school, held a
business meeting at the home of Miss
Ethel Swan Wednesday night.

The club was organized just before
school was out and Miss Alice Coffin
of the High School faculty, was select-
ed as Guardian. In her absence dur-
ing the summer, Miss Nina Satter-
field, assistant guardian, has charge
of the girls.

The purpose of the organization is
for recreation and welfare, the order
being a parallel to the Boy Scouts of
America. The girls will go camping,
study nature and compete for honors.
Miss Fathie Rankin is president of
the club and Miss Ethel Swan, secre-
tary and treasurer.

NEW SPEED LAW EFFECTIVE SOON

After July 5 the old limits of speed
will be abolished in Ohio, and a new
law against reckless driving will be
substituted. Local committees will
not be allowed to lower the state
speed limit which assumes that a speed
of more than 15 miles an hour in the
congested district, more than 20 miles
an hour in a residence section and
more than 30 miles an hour on the
country roads will be considered pre-
sumptive evidence of reckless driving.

JUDGE MARSHALL CONFERS WITH STATE TAX COMMISSION

Judge J. C. Marshall is one of five
probate judges who were called to
Columbus Wednesday to confer with
the state tax commission regarding
the operation of the new direct inher-
itance tax law which was signed by
Governor Cox June 5.

This law taxes all direct as well as
collateral inheritances, the lowest ex-
emption being \$500 for collateral heirs,
and \$5,000 for widows or minor chil-
dren.

One of the most important questions
taken up at the meeting in Columbus
today, is that of when the new law
becomes operative, so far as estates
which were ready for distribution are
concerned. Some lawyers declare that
the law cannot operate against es-
tates of persons deceased prior to the
passage of the law. Another impor-
tant point of the law applies to safe
deposit boxes, and is calculated to
prevent persons having control of a
box in which securities are kept, from
opening that box and removing any
taxable securities before the court and
county auditor has had opportunity to
make their inventories and appraisement.

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment
for Only Temporary Relief.

There is a more serious stage of
Catarrh than the annoyance caused
by the stopped-up air passages,
and other distasteful features.

The real danger comes from the
tendency of the disease to continue
its course downward until the
lungs become affected, and then
dreaded consumption is on your
path. Your own experience has
taught you that the disease can-

not be cured by sprays, inhalers,
atomizers, jellies and other local
applications.

S. S. S. has proven a most satis-
factory remedy for Catarrh be-
cause it goes direct to its source,
and removes the germs of the dis-
ease from the blood. Get a bottle

ment that gives real results. For

Lift Off Corns!

"Freezone" is Magic! Lift any Corn or Callus right off with fingers—No pain!

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't hurt one bit. Yes, magic! Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Try it! No humbug!

HEADACHE--?

There is something wrong, some derangement of vital organs that ought to have immediate attention. To every sufferer from headache, whatever the cause, we say

Take CAPUDINE

CAPUDINE eases headache, whether it be caused by heat, cold, Gripp, Flu or stomach troubles—even sick or nervous headache yields to its curative powers when taken properly.

CAPUDINE is especially beneficial to ladies when suffering from nervous headache and aches in the back and limbs—it relieves quickly—no dope—it assists nature.

CAPUDINE is liquid—easy and pleasant to take—quick results.

Trial bottle 10c—2 doses—also larger sizes, and by dose at Drug Store fountains.

STOP ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm, and similar skin troubles will disappear. Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

How Fat Folks

May Become Thin

If you are suddenly becoming stout, or if you have been putting on flesh for years, the cause is generally the same—lack of oxygen carrying power of the blood. This trouble occurs mostly in men and women over thirty, but it may be easily treated and without any of the privations most fat people imagine necessary to reduce their weight. Simply go to your druggist and get a box of Phynola. Take five grains after each meal and at bedtime. Wonderful results should be quickly accomplished by this simple treatment.

Be sure however you get the genuine Phynola. It is put up in original sealed packages, is pleasant to take and gives prompt results. Sayre & Hemphill can supply you. adv

PILE SUFFERERS! CLEVER OHIO CHEMIST

SAYS THIS GREAT PRESCRIPTION TAKEN INTERNALLY HAS NEVER FAILED

Even Chronic Cases of 20 to 30 Years Standing, With Profuse Bleeding, Have Been Completely Cured in From Three to Ten Days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists as Miro Pile Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble.

This prescription, although taken internally, is not directed in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place whereby its soothing, healing action, it first allays all

inflammation and then direct contact with all ulcers and piles, causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days at most, even in cases with profuse bleeding treatments and operation, really wonderful results have been accomplished.

The author of this amazing discovery desires all sufferers to know that he does not want a cent of anyone's money unless Miro Pile Remedy decisively conquers even in the worst cases and he has instructed druggists all over the country to guarantee it in every case of blind, bleeding or protruding piles.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription. Sayre & Hemphill.

DOLLAR DAY SCORES ANOTHER BIG SUCCESS IN XENIA WEDNESDAY

Dollar Day Wednesday was another one of those annual successes which are tending to establish that big bargain day as almost a county institution.

One of the largest week-day crowds ever seen on the streets was on hand for the occasion and merchants reported unusually favorable sale business. Stores were crowded all day Wednesday whether the customers were bargain hunters or not.

At the Hutchison and Gibney department store one department had done an average day's business by 9:30 o'clock and other departments were in proportion by the time the store closed. The prize story came from the S. and S. shoe store where seven clerks were unable to take care of the business and the doors of the store had to be locked from 8:30 until 11 in the morning.

The Jobe Bros., department store reported better business than a busy Saturday, the Clearance sale on at that store adding to the crowds.

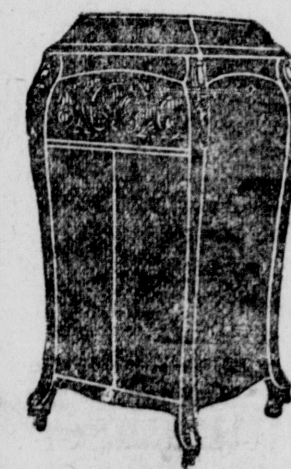

At Moser's an interesting count was taken. At 8:45 there were 39 people in the store and 11 came in inside of a minute. At Frazer's the store was crowded from time of its opening in the morning and the sale capacity was taxed to the limit.

"Sold out" said Burt Wier, west end grocer, when interviewed. Mr. Wier didn't think that Dollar Day bargains would pull down there, but he sold every thing he offered.

At Sayre and Hemphill's drug store the biggest Dollar Day crowd yet was experienced and at the Boring Book store the conditions were equally rosy.
